

BOARD OF GOVERNORS *of the* FEDERAL RESERVE SYSTEM

Research Assistants at the Federal Reserve Board

Current bachelor's or master's degree holders are eligible to participate in a two-year program that will prepare you to pursue graduate studies or other exciting careers within economics.

Assistantship Opportunities

- Work side-by-side with PhD economists to assist with original economic research and provide critical support for policy analysis.
- Build and deepen skills in economic analysis, research, modeling, forecasting, database management, and more.

Qualifications

- Bachelor's or master's degree in economics, statistics, math, or majoring in economics, statistics, finance, computer science, or a related field welcome to apply.
- Knowledge of economic principles, quantitative techniques, and data analysis.
- Experience with statistical software package or programming language.
- Demonstrated strong communication skills; ability to show initiative and integrity; and experience working both independently and collaboratively.
- Applicants must be U.S. citizens.

Benefits

Competitive salary, health, dental and vision insurance, tuition reimbursement, commuting benefits, and matching 401k/Thrift Plan savings.

Applications accepted annually fall.
