

The Future of Economics Consulting and Expert Services in the Age of Generative AI

Speaker: Collin Starkweather, PhD
CU Boulder | Stealth AI Startup

Thursday | 12:30 – 1:30 PM
Econ 5 | Hybrid Option Available

How will generative AI change the work economists do outside academia?
Join us for a conversation on how AI and machine learning are reshaping economic consulting, expert services, and data-driven decision-making.

Hosted by Women in Economics (WiE) – CU Boulder
