COURSE DESCRIPTION

Principles of Microeconomics is an introductory course aimed at introducing students to major economic concepts; including but not limited to scarcity, supply and demand, markets, trade, specialization, monopolistic competition, market failures, and government intervention. While applications of these topics will be discussed, the majority of the class will focus on establishing an understanding of basic theory.

TEXT

We will use Mankiw's Principles of Microeconomics. The fifth edition or later will work. The class will follow this text, but students are encouraged to also use resources online as well as the lecture slides to study.

GRADING

Homework (D2L)	15%
Recitation	10%
Clickers	15%
Midterms	40%
Final	20%

- Homework (D2L):** Homework will be done on D2L. It will be due every Friday at 11:59 AM. Working with others is allowed, but groups may not be larger than 3. No late work will be accepted. The lowest homework score will be dropped. There is no makeup policy.
- Recitation:** Recitation grades will be based on attendance. Leaving early will result in no credit for the day unless there was prior approval by the TA. Arriving between 5 and 10 minutes late will result in half credit for the day and arriving after 10 minutes late will result in no credit for the day.
- Clickers:** Clicker grades will be a combination of attendance and correctness. To receive the attendance clicker points, students must click in for every question. Clicker grades will be posted intermittently throughout the semester. Students have one week from when clicker grades are posted to dispute missing clicker grades due to broken clickers, improper registration, etc. If a student is caught with multiple clickers, the owners of all clickers will receive a 0 for their semester clicker grade. The lowest three clicker grades will be dropped.
- Midterms:** There will be 3 multiple choice midterms. Each midterm will be worth 20%. The lowest midterm score will be dropped when calculating class grades. Student or government issued IDs must be taken to all the midterms. Students who enter their ID number incorrectly on the exam will lose 5%.
- Final:** The final will be multiple choice and cumulative. Student or government issued IDs must be taken to the final. Students who enter their ID number incorrectly on the exam will lose 5%. University policy allows students who have more than three finals to reschedule the last final of the day. If students wish to reschedule a final, they must inform me by April 3rd.
