This Syllabus covers all the important organizational details. Further information if not specified here will be given in class at the appropriate time.

**Office Hours:** T&TH 9:15-10:30 ECON 309C.

**Logistics and Important Dates:** We meet twice a week on Tuesday, and Thursday from 8:00 to 9:15am (I know it's extremely early...) in room VAC 1B20. I will hold office hours on Tuesday and Thursday right after class from 9:15am to 10:30am (or by appointment if this time is inconvenient), my office is in Economics 309C. Once a week you will also meet with one of the Teaching Assistants for the class during Recitation Sessions. During Recitation Sessions you will regularly review the past and upcoming assignments and get extra help prior to exams.

There will be two in-class midterm exams and one final exam. Please mark your calendar as follows:

- Midterm 1, 10/10 class time
- Midterm 2, 11/14 class time
- Final, DEC.14 7:30 p.m.- 10:00 p.m.

No makeup exams will be given. The only exceptions are covered by campus guidelines on absences due to religious observance (see below). If you fail to show up for an exam without an acceptable excuse (such as an illness that is documented with a medical note), you will get a zero for that exam.

**Textbook, Web Platform and Clicker:** The textbook for the class is N. Gregory Mankwi, Principles of Microeconomics, 8th edition. You will need to enroll in the web portal Cengage-Mindtap. Through Cengage-Mindtap you will have access to additional learning material and to weekly problem sets which will be graded. The best way to login into Mindtap is through Canvas <https://canvas.colorado.edu/> You will also need an iClicker. You can purchase it at the CU Bookstore, if you do not have one already. We will use clickers regularly to review examples and to solve problems. Please make sure to register your clicker at <https://oit.colorado.edu/tutorial/cuclickers-iclicker-remote-registration>

**TA and Recitaions:** Recitations start in the second week and the TAs are Nicolas Ferguson([nife2444@colorado.edu](mailto:nife2444@colorado.edu)) and Jaekyeong Shin ([Jaekyeong.Shin@colorado.edu](mailto:Jaekyeong.Shin@colorado.edu)). Please check your enrollment records to establish the day and time of your session.

**Assignments and Grading:** I will assign weekly problem sets through Mindtap that will be graded. A portion of the questions in the problem sets will aim at reinforcing your understanding and mastering of the material, while a portion will be representative of the type of questions that you will get in the midterm and final exams.

Your final score will be calculated as the following:

- Midterm 1 20%
- Midterm 2 20%
- Final 35%

- Mindtap Homework 15%
- Recitation 10%

Your overall average score will not automatically translate into a certain letter grade. I will determine the mapping from this score to letter grade once all assignments are graded. In practice, this means for example that a 88% average score may be an A, or, alternatively, that a 91% average score may be a B+. I will report in class the average, maximum, and minimum scores on the tests, which will give you feedback on how your class performance translates into letter grades.
