

ECONOMICS OF THE PUBLIC SECTOR, ECON 4211-001
Department of Economics, University of Colorado
Fall 2007

M,W,F:	10:00-10:50 a.m.	Professor:	Charles de Bartolome
Room:	MUEN E431	Office:	ECON 203
Office hours:	M 3:45-4:45 pm, Tu 9:15-10:15 am, Fri 11:00 am- noon	Tel:	(303) 492-4464
		e-mail:	debartol@colorado.edu

Textbook: Hyman, David N., (2008), *Public Finance: A Contemporary Application of Theory to Policy* (9th Edition). Thomson Southwest.

Course description: The benchmark model of economics is that markets are “good” at producing and allocating most commodities. However, there are instances when markets do not work well. This is termed market failure, and the course will discuss two classic examples of market failures, viz. public goods and externalities. In such situations, a government program may be justified on the grounds that it can improve outcomes. In addition, markets do not always lead to equitable outcomes so that the government may be justified if it redistributes resources from rich to poor families. The course discusses how the design of a program is determined by the legislators’ objectives and by the extent to which voters are informed. In addition to discussing the justification and design of a government program, the course discusses the financing of the program and the design of the tax structure.

Pre-requisite: Intermediate Microeconomics, ECON 3070; Introduction to Statistics with Computer Applications, ECON 3818.

Course Assignments and CULearn: All course assignments, problem sets and some lecture notes are posted on the CULearn page located at: <http://culearn.colorado.edu> .

In the past, some students have had difficulty in downloading some of the posted pdf files. ITS advises that this is due to the large file sizes. ITS recommends that you open the Adobe Acrobat Reader. Then click as: Edit > Preferences> Internet and *uncheck* “Allow Fast Web View”.

Please note that six pages of each Adobe Acrobat file can be printed on a single sheet by clicking as: Print>Properties>Multipage>6

Problem Sets: The problem sets are an integral part of the course. They are designed to help you use the material and a significant part of the exams will closely follow their format.

In addition, there are some problems at the end of each chapter in the textbook. I encourage you to do these problems and I will post the answers for your use.

Grading: There will be a paper, a midterm exam and a final exam. The student’s grade (before any

adjustment for non-attendance) will be determined as: 45% Midterm, 45% Final and 10% Paper.

Paper timeliness: It is important that the paper is handed in on the date due (to be announced). If the paper is not handed in by the date due, your course score will be lowered 5% . If the paper is not handed in by the day of the exam, *you will be graded Fail*. If you subsequently hand in the paper within 6 months of the final, your grade will be changed to the grade you would have earned if you had handed in the paper on day of the exam. If you do not subsequently hand in the paper within 6 months of the final, your grade will remain permanently as Fail.

Contributing to the group in the creation of the paper: There have been instances in the past when a member of a group does not fully participate in the creation of the paper. If this happens, the members of the group who are participating should email me noting that the member of the group is not fully participating in the creation of the paper. I will then forward this email to the member asking for his/her comment. If he/she agrees that he/she is not fully participating, I will increase the scores of the participating members to reflect the fact that they are doing more work and reduce the score of the other member to reflect the level of his/her participation. If he/she disagrees and claims to be participating, I will summon all group members to my office to discuss.

Attendance at class: Woody Allen once remarked: "90% of life is just turning up". The best way to learn the material is to attend class. Reading the lecture notes posted on the web is not a good substitute for attendance. Attendance at class is expected and required.

Non-attendance at class will be reflected in your grade. Your final score - calculated as explained above under "Grading" - is out of 100 points. For each absence from class after your third absence, your score will be reduced by .5 point. For example, your score from the exams and paper is 76 (out of 100) and in total you missed 6 classes. Your final score which I will use to calculate your grade is $76 - 3(.5) = 74.5$.

Administrative Drop: Because attendance is important and expected, I will drop from the class any student who neither attends one of the first three classes of the term nor gets special permission from me to cover for his/her absence.

Exams: Because this is an advanced course, there is only one midterm. The midterm and final will be given as:

MIDTERM:	Monday 15 October	7:00 - 9:00 pm.
	in	

FINAL:	Tuesday 18 December	7:30 - 10:00 a.m.
	in MUEN E431	

Please let me know if one of these dates falls on a religious holiday you intend to observe and I will arrange for you to take a make-up. Otherwise, you are required to take the exam at the above time. Only in compelling circumstances will a make-up exam be given and this must be agreed with me *before* the scheduled time of the exam. If you fail to take the exam at the scheduled time and fail to discuss the circumstances with me before the exam, you will score 0 in the exam.

You must bring a blue-book to each exam.

Students with Special Needs: If you qualify for accommodations because of a disability, please submit to me a letter from Disability Services in a timely manner so that your needs may be addressed. Disability Services determines accommodations based on documented disabilities. Contact: 303-492-8671, Willard 322 and www.Colorado.EDU/disabilityservices .

Harassment Policy: The University of Colorado at Boulder policy on Discrimination and Harassment, the University of Colorado policy on Sexual Harassment and the University of Colorado policy on Amorous Relationships applies to all students, staff and faculty. Any student, staff or faculty member who believes s/he has been the subject of discrimination or harassment based on race, color, national origin, sex, age, disability, religion, sexual orientation, or veteran status should contact the Office of Discrimination and Harassment (ODH) at (303) 492-2127 or the Office of Judicial Affairs at (303) 492-5550. Information about the ODH, the above referenced policies and the campus resources available to assist individuals regarding discrimination or harassment can be obtained at: <http://www.colorado.edu/odh>

Religious Observances: Campus policy regarding religious observances requires that faculty make every effort to reasonably and fairly deal with all students who, because of religious obligations, have conflicts with scheduled exams, assignments or required attendance. In this class, please let me know in a timely manner if one of the exam dates or the date on which the paper is due falls on a religious holiday you intend to observe and I will arrange for you to take a make-up. See policy details at http://www.colorado.edu/policies/fac_relig.html

Classroom Behavior: Students and faculty each have responsibility for maintaining an appropriate learning environment. Students who fail to adhere to behavioral standards may be subject to discipline. Faculty have the professional responsibility to treat students with understanding, dignity and respect, to guide classroom discussion and to set reasonable limits on the manner in which students express opinions. Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences in race, culture, religion, politics, sexual orientation, gender variance, and nationalities. Class rosters are provided to the instructor with the student's legal name. I will gladly honor your request to address you by an alternate name or gender pronoun. Please advise me of this preference early in the semester so that I may make appropriate changes to my records. See policies at <http://www.colorado.edu/policies/classbehavior.html> and at http://www.colorado.edu/studentaffairs/judicialaffairs/code.html#student_code

Academic Integrity: All students of the University of Colorado at Boulder are responsible for knowing and adhering to the academic integrity policy of this institution. Violations of this policy may include: cheating, plagiarism, aid of academic dishonesty, fabrication, lying, bribery, and threatening behavior. All incidents of academic misconduct shall be reported to the Honor Code Council (honor@colorado.edu ; 303-725-2273). Students who are found to be in violation of the academic integrity policy will be subject to both academic sanctions from the faculty member and non-academic sanctions (including but not limited to university probation, suspension, or expulsion). Other information on the Honor Code can be found at <http://www.colorado.edu/policies/honor.html> and at

<http://www.colorado.edu/academics/honorcode/>

PROVISIONAL COURSE OUTLINE

<u>Date</u>	<u>Topic</u>	<u>Chapter</u>
1. INTRODUCTION		
27, 29 Aug	INTRODUCTION The Four Questions of Public Finance Separation of expenditure and taxes Government size. Normative v. positive	1
31 Aug	FISCAL FEDERALISM Assignment of responsibilities <i>Problem Set:</i> Fiscal Federalism	18
5 Sept	POSITIVE ECONOMICS The need for a model	2
7 Sept	NORMATIVE ECONOMICS: THE OBJECTIVE Pareto-efficiency Welfare functions Need for a model	2
2. BASE CASE: COMPETITIVE MARKETS		
10, 12, 14 Sept	PRIVATE GOODS Competitive outcome. First fundamental welfare theorem. Second fundamental welfare theorem. <i>Problem Set:</i> First Fundamental Welfare Theorem <i>Problem Set:</i> Public Provision of Private Goods <i>Problem Set:</i> Second Fundamental Welfare Theorem	2
3. EXPENDITURE ANALYSIS: MARKET FAILURE		
17, 19, 21, 24, 26, 28 Sept 1 Oct	PUBLIC GOODS Non-rivalness and non-excludability. Efficient provision. Free-rider problem. Public vs. private provision. <i>Problem Set:</i> Why the lights don't get turned off after class.	4

	<i>Problem Set:</i> Non-excludable public good.	
	<i>Problem Set:</i> Excludable public good.	
3,5,8,10,12 Oct	PUBLIC DECISION-MAKING	
	Normative: Benefit-cost analysis	6
	Positive:	5
	Informed voters:	
	- majority voting - median voter theorem.	
	- cycling.	
	- Arrow impossibility theorem.	
	Uninformed voters:	
	- the iron triangle.	
	<i>Problem Set:</i> Pareto-criterion and Benefit-Cost Analysis.	
	<i>Problem Set:</i> Voting	
	<i>Problem Set:</i> Cycling.	
15 Oct	Review	
15 Oct	MIDTERM (7:00 - 9:00 p.m. in)	
17, 19 Oct	PUBLIC DECISION-MAKING (cont)	
22,24,26, 29, 31 Oct 2 Nov	EXTERNALITIES	3
	Efficient behavior.	
	Coase theorem.	
	Pigou taxes and subsidies.	
	Regulation.	
	<i>Problem Set:</i> the Coase theorem.	
	<i>Problem Set:</i> Pigou tax.	
	<i>Problem Set:</i> Permit sales.	
	<i>Problem Set:</i> Regulation	
	4. INCOME REDISTRIBUTION	
5, 7, 9, 12, 14 Nov	INCOME REDISTRIBUTION	7
	Process or end-state criterion.	
	Equity and social welfare functions.	
	Utilitarianism.	
	Max-min and the original position.	
	The shrinking pie.	
	The equity v. efficiency trade-off.	
	<i>Problem Set:</i> Social welfare and income redistribution.	

4. TAX ANALYSIS

16, 26, 28 Nov	PUBLIC FINANCE: TAX OR DEFICIT FINANCING Ricardo equivalence. Keynes view. Overlapping-generation model. Traditional argument. Crowding-out of capital. Social Security	12 8
	<i>Problem Set:</i> Tax or deficit financing. <i>Problem Set:</i> Social security and savings. <i>Problem Set:</i> Demographic issues	
30 Nov 3, 5, 7 Dec	TAXATION: PRODUCT AND INCOME TAXES Do sales taxes reduce consumption Do labor taxes reduce effort? Do capital taxes reduce savings? Excess Burdens <i>Problem Set:</i> Setting the product tax rate. <i>Problem Set:</i> Product tax: excess burden. <i>Problem Set:</i> Setting the income tax rate. <i>Problem Set:</i> Income tax - excess burden.	11
10, 12 Dec	TAXATION: NORMATIVE RULES FOR SETTING TAX RATES Tax rules <i>Problem Set:</i> Tax Reform	11
14 Dec	Review	
18 Dec	FINAL EXAM (7:30 -10:00 a.m. in MUEN E431)
