Evaluation

There will be five (5) problem sets, two (2) midterm exams, and one (1) final exam. Attendance will be taken at the beginning of every class. Perfect attendance is not sufficient to receive a good grade; students must also actively participate in class and may be called on randomly to answer questions or solve problems on the blackboard.

Final grades will be determined as follows:

Problem Sets	25%
Midterms	40%
Final	20%
Attendance & Participation	15%
	<hr/> 100%

Comments

There will be no make-up exams. Absences will be excused only in cases of a documented medical, religious, or family emergency. Please notify the instructor in advance, when possible, of any upcoming absences. Problem sets will be posted on the course website one week prior to their due date. Each problem set must be completed individually; if two or more problem sets are determined to be identical, they will not receive any credit. Homework that is up to one week late will receive half credit; homework submitted after one week will receive no credit. Academic misconduct may result in automatic failure of the course. Students who prefer a more mathematical approach to microeconomics will have many opportunities to develop their skills and might consider using the 'calculus' version of the textbook.

Disability Policy

If a student qualifies for accommodations because of a disability, the student must submit a letter from Disability Services to the instructor in a timely manner so that his/her needs may be addressed. Disability Services determines accommodations based on documented disabilities. Contact: 303-492-8671, Willard 322.

Religious Observance Policy

Campus policy regarding religious observances requires that faculty make every effort to reasonably and fairly deal with all students who, because of religious obligations, have conflicts with scheduled exams, assignments, or required attendance. If a student has a conflict, that student must contact the instructor at the beginning of the semester so that proper arrangements can be made.

Honor Code

All students of the University of Colorado at Boulder are responsible for knowing and adhering to the academic integrity policy of this institution. Violations of this policy may include: cheating, plagiarism, aid of academic dishonesty, fabrication, lying, bribery, and threatening behavior. All incidents of academic misconduct shall be reported to the Honor Code Council (honor@colorado.edu; 303-725-2273). Students who are found to be in violation of the academic integrity policy will be subject to both academic sanctions from the faculty member and non-academic sanctions (including but not limited to university probation, suspension, or expulsion).
