**Course Description and Objectives:**

The goal of this course is to provide students the basic mathematical tools needed for business and economics. The materials covered in this course include: rules of algebra, solving linear and nonlinear equations, essentials of set theory, and functions. For a complete list of topics see the course schedule that follows.

**Textbook:**

*Essential Mathematics for Economic Analysis*, 3<sup>rd</sup> edition, by Knut Sydsaeter, and Peter Hammond. You will also use this book for ECON1088. Since you can always refresh your knowledge of algebra and calculus by referring to this book, *please keep it as your reference book for undergraduate courses.*

**Grading:**

(15%) Top 4 quizzes out of 5  
(25%) Midterm1  
(25%) Midterm2  
(30%) Final  
(5%) In-class assignments

100-90%	A
89-80%	B
79-70%	C
69-60%	D
59&below	F

**Quizzes:**

There will be 5 quizzes in this class. The lowest one will be dropped. There will be no

makeup quizzes given.

**In-class Assignments:**

I will randomly give you in-class assignments during the class. Each one has the same weight. There will be no makeup assignments given.

**Midterms and Final:**

There will be two midterms and a final in this course. Each midterm has 75 minutes and the final has 150 minutes. While the final is cumulative, similar questions from the first midterm might also be given again in your second midterm since the materials do build up. All exams are held in HUMN 135.

**Problem Sets:**

There will be problem sets for this class. Since the problem sets will be posted on CULearn, you should check it regularly. You do **NOT** have to hand in your problem sets. However, I strongly encourage you to finish them since they will be very helpful for exams.

**Other helpful materials**

You can find a lot of helpful materials such as old exams from the following link:  
<http://www.colorado.edu/economics/courses/ECON1078/1078home.html>

**General Policies:**

- (1) There will be **NO** make-up in-class assignment, quiz, or exam for this class without formal documentation, like doctor's note. For your midterms, if you miss any of them, your final will be weighted automatically. Of course, you **CANNOT** miss the final.
- (2) If you have three or more final exams scheduled on the same day, you are entitled to arrange an alternative exam time for the last exam or exams scheduled on that day. To qualify for rescheduling final exam times, you must provide evidence that you have three or more exams on the same day, and arrangements must be made with the instructor no later than the end of the sixth week of the semester (Friday, February 20, 2009).
- (3) If you have any question about the materials, like questions in problem sets, you are more than welcome to go to my office hours.
- (4) You are responsible for any missing class. If you miss any class, please borrow the notes from others and read the materials **BEFORE** going to my office hours.
- (5) Since I will announce important information through class email, you are responsible for checking your Colorado email account.

- (6) According to the university policy, no grades are allowed to be released via email. In other words, I am prohibited from emailing any grade to you.
- (7) Any concern or question about your grades should be raised before the end of the specified date, which will be announced in class or through class email.
