THE NATIONAL UTEACH ALUMNI NETWORK

# UTeach Alumni The National UTeach Alumni Network

The UTeach community includes more than 1,600 alumni from UTeach programs at 35 universities nationwide, and this number is rapidly growing. With UTeach programs located in 17 states, UTeach alumni are projected to teach approximately one million math and science middle and high school students by 2015.

#### **UTeachers**

Anyone who has completed a UTeach program at any of the 35 partner universities is considered a UTeach alumnus and is automatically a member of the National UTeach Alumni Network for free. To subscribe to the e-newsletter, contact Julia O'Donnell at odonnell@uteach.utexas.edu.

### Support

The National UTeach Alumni Network supports UTeach math and science teachers across the country. The following resources allow UTeachers to connect with their fellow grads from around the nation and learn about news from other alumni, upcoming events, and teaching tips.
