

**Examples of pre-approved courses that have recently been offered outside the
School of Education:**

ECON 7818: Mathematical Statistics for Economists
ECON 8848: Applied Microeconometrics
IPHY 5300: Molecular and Genetic Epidemiology
IPHY 5800: Advanced Statistics and Research Methods
MKTG 7310: Design of Experiments in Business
MKTG 7825: Empirical Models in Marketing
ORMG 7830: Organizational Research Methods
PSCI 7108: Network Analysis
PSCI 7085: Political Data Analysis
PSCI 7095: Advanced Political Data Analysis
PSCI 7155: Maximum Likelihood Estimation and Generalized Linear Models
PSCI 7108: Introduction to Bayesian Statistics
PSYC 5122: Quantitative Genetics
PSYC 5242: Biometrical Methods for Behavior Genetics
PSYC 5541: Statistical Programming with R
PSYC 5761: Structural Equation Modeling
PSYC 6200: Issues and Methods in Cognitive Science
PSYC 6500: Experimental and Quasi-Experimental Design
PSYC 6761: Topics in Advanced Structural Equation Modeling
SOCY 5031: Research Design
SOCY 7111: Advanced Data Analysis
