2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

2.75

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

2.75

4. Please provide any additional information about the information provided above:

The requirements specified above are for both undergraduates (students working on a bachelors degree concurrently) and post-baccalaureates (students that have previously received an undergraduate degree and are working solely on an initial licensure endorsement). Post-baccalaureates are considered undergraduates at CU Boulder, not graduate students. Also, their licensure program is much more aligned with undergraduates than with our graduate students who are working on an initial licensure. Thus, post-bacs are reported in the "undergraduate requirements" section rather than the "postgraduate requirements" section of I.b. "Minimum basic skills test score" in both Math and Writing are fulfilled by: 1) grades of B- or higher in appropriate college courses, or 2) scores of 500 or higher on the SAT component exams, or 3) score of 144 or higher on the GRE quantitative component exam (Math); score of 153 or higher on the GRE verbal component exam (Writing), or 4) scores of 20 or higher on the ACT component exam, or 5) scores of 150 or high in math, 162 or higher in writing on the PRAXIS CORE Academic Skills for Educators

Postgraduate Requirements

Note: This section is preloaded from the prior year's IPRC.

1. Are there initial teacher certification programs at the postgraduate level?

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

4. Please provide any additional information about the information provided above:

The requirements specified above are for students in our "Masters-Plus" licensure programs. These are students that have previously received an undergraduate degree and are enrolled in a Masters degree program in Curriculum and Instruction while concurrently working on their initial licensure endorsement. "Minimum basic skills test score" in both Math and Writing are fulfilled by: 1) grades of B- or higher in appropriate college courses, or 2) scores of 500 or higher on the SAT component exams, or 3) score of 144 or higher on the GRE quantitative component exam (Math); score of 153 or higher on the GRE verbal component exam (Writing), or 4) scores of 20 or higher on the ACT component exam, or 5) scores of 150 or high in math, 162 or higher in writing on the PRAXIS CORE Academic Skills for Educators

Supervised Clinical Experience

Note: The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2022-23. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

25

Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year

214

Number of students in supervised clinical experience during this academic year

341

Please provide any additional information about or descriptions of the supervised clinical experiences:

The number of full-time equivalent faculty and adjunct faculty reported includes (1) CU-Boulder instructors teaching practicum courses, and (2) university supervisors at CU Boulder who were involved with student teaching. Cooperating teachers are those who are employed at the schools where students are doing their supervised clinical experience (both early field experience coursework and student teaching).

Enrollment and Program Completers

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> [Teachers Prepared by Academic Major](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2022-23.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

What are CIP Codes?

No teachers prepared in academic year 2022-23

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2022-23. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

Note: This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

CU Boulder has ongoing relationships with partner districts to ensure our program curricula and feedback to teacher candidates closely align with needs of local educational agencies. We meet formally with HR, instructional, and administrative leadership in each district several times each academic year. We meet informally throughout the academic year. Key teacher leaders in local districts are involved in teaching courses in our teacher preparation programs. All cooperating teachers are surveyed each time they work with candidates and student teachers in our program. Employers are surveyed annually on their perception of program graduate's preparation in the key areas specified in assurance statements for Section II. Survey responses inform curricular decisions in our program. All candidates at CU take a specialized methods course that prepares them to meet the needs of youth with disabilities and English language learners. In addition, all instructors, particularly those in methods courses, address providing appropriate instruction for

children with disabilities, English language learners, and children from low-income homes and/or living in urban communities. Assessments in the student teaching semester evaluate candidate's ability to differentiate and individualize instruction, particularly for these student groups.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes

No

- b. use technology effectively to collect data to improve teaching and learning

Yes

No

- c. use technology effectively to manage data to improve teaching and learning

Yes

No

- d. use technology effectively to analyze data to improve teaching and learning

Yes

No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All candidates at CU must demonstrate proficiency on the state's standards for teaching with technology. State standards align with the Title II assurances. Candidates demonstrate proficiency in course and in student teaching assessments.

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Note: This section is preloaded from the prior year's IPRC.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

All candidates at CU take a specialized methods course that prepares them to meet the needs of youth with disabilities and English language learners. Candidates demonstrate proficiency on each of the three assurances in assessments completed in courses and student teaching.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

In courses, candidates are introduced to RTI, SIOP lesson planning, and they participate prior to student teaching in a mock-IEP simulation. During the student teaching semester, they participate in all IEP or other meetings related to special supports for learners in their cooperating teachers' classrooms.

c. Effectively teach students who are limited English proficient.

In their Teacher Performance Assessment (completed in student teaching), they demonstrate their ability to differentiate instruction and assessments for students with disabilities, on IEPs, and/or who are English language learners.

2. Does your program prepare special education teachers?

- Yes
 No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

c. Effectively teach students who are limited English proficient.

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

The CU Boulder School of Education was reviewed in fall 2022 through a site visit that brought together reviewers and CU Boulder faculty, students, alumni and local school district partners. As a result of the peer review, all 10 of the CU Boulder teacher endorsement programs up for review earned full reauthorization, including culturally and linguistically diverse (CLD) education, CLD bilingual education specialist, elementary education/CLD dual program, English language arts, mathematics, middle school mathematics, music, science, social studies, and world languages. CU Boulder received high praise for alignment with state standards, and notably, reviewers applauded CU Boulder's commitment to thorough reading instruction, a special focus area for the CDE. In the past year, very few other university programs have earned reading instruction reauthorization on the first pass, so praise in this area exceeded a very high bar.
