

Change of Major & More Form

CU BOULDER COLLEGE OF ENGINEERING & APPLIED SCIENCE

CEAS students who wish to update their major, minor, Subplan, option, track, or disciplinary emphasis within Engineering should use this form. Students in non-Engineering majors may use this form to update their Engineering minor. CEAS students who want to change their major to one offered by another college/school on campus, or to become a double degree student by adding on

another program in addition to engineering, must apply to that particular program via their *Intra-University Transfer (IUT)* process. This form is only for changes within the CEAS.
