

SEARCHING FOR HUMANITIES & SOCIAL SCIENCE (HSS) ELECTIVES

Approved HSS electives include:

- All courses classified as A&S GenEd Arts & Humanities
- All courses classified as A&S GenEd Social Sciences
- All ENES courses (Herbst Program for Engineering, Ethics & Society)
- All EHON courses (Engineering Honors Program)
- All ENLP courses (Engineering Leadership Program)
- Most foreign language courses
- Selected first-year seminar (FYSM) courses
- Specific courses approved by the College of Engineering & Applied Science to count as HSS electives

You can see the full list of approved courses on the Student Support & Advising Services [website](#).

IDENTIFYING HSS COURSES IN THE CLASS SEARCH

In the CU Boulder Class Search (<https://classes.colorado.edu/>) use the General Education / Core Courses Search:

The image shows a screenshot of the CU Boulder Class Search interface. On the left is the main search form titled "Search Classes" with several dropdown menus for filters: "Title, Subject, Instructor or Keyword", "Spring 2022", "Any Subject", "Any Campus", and "Any Career/Course Level". There are also checkboxes for "Avoid Schedule Conflicts" and "Avoid Certain Time Periods", and an "EDIT" button. A large black button labeled "SEARCH CLASSES" is at the bottom of the form. Below the search form is a dark grey bar with a white arrow pointing right and the text "General Education / Core Courses Search", which is circled in red. Below this bar is another dark grey bar labeled "ADVANCED SEARCH". On the right side of the image is a separate panel titled "General Education / Core Courses Search" with a dark grey header. It contains a list of dropdown menus for filtering results by GenEd attribute: "Any A&S Core Attribute", "Any A&S GenEd Attributes (Fall 2018+)", "Any BUSN GenEd Attributes", "Any CMCI Core Attributes", "Any EDUC GenEd Attributes", "ENGR GenEd: Humanities & Social Science" (circled in red), "Any ENVD GenEd Attributes", and "Any MUSC GenEd Attributes".

Use the other criteria to narrow your search based on your preferences.

REMEMBER! Always double-check your HSS elective selections in your [degree audit](#) after enrolling – if they do not show up in the HSS area of the audit, contact your advisor.
