

GREENWOOD
WILDLIFE REHABILITATION CENTER

WILDLIFE INTERNSHIPS

Greenwood Wildlife Rehabilitation Center is the largest wildlife rehabilitation center treating mammals, birds and waterfowl on the Front Range. We treat thousands of animals annually and over 200 different species have come through our doors since we were founded in 1982.

Interns learn skills such as handling techniques, habitat enrichment, diets and food preparation, feeding methods, and more.

Greenwood's internship program will provide you with unforgettable memories and the lifelong, rewarding experience of caring for orphaned, injured, and sick wildlife.
