Contact person: Christine von Kolnitz

E-mail: vonkolnc@musc.edu **Phone:** 843-792-1804

Internship available these semesters (please mark one or more semesters):

Spring Summer Fall

Brief description of Your Organization:

Founded in 1824 in Charleston, MUSC is home to the oldest medical school in the South as well as the state's only integrated academic health sciences center, with a unique charge to serve the state through education, research and patient care. Each year, MUSC educates and trains more than 3,000 students and 850 residents and fellows in six colleges: Dental Medicine, Graduate Studies, Health Professions, Medicine, Nursing and Pharmacy. With \$298 million in research funding in fiscal year 2022, the collaboration between faculty, staff, students, and our partners accelerates the movement of scientific discoveries that improve lives.

Describe the nature/goals of the project(s):

- Greenhouse gas accounting and reporting
- EPA Energy Star Portfolio Manager training and data management
- Marketing and promotion of sustainability and recycling events and initiatives
- Creation of informational materials and guides for internal campus circulation
- Various other projects related to transportation, zero waste, green labs, energy, resilience, and climate action planning
- Computer systems and software used: One Note, One Drive, Energy Star, Facebook Business Suite, vLynx, network drives, Citrix software, Microsoft Teams, Eventbrite, Mailchimp, Canva

Please list required and/or desired skills and qualifications:

Proficient in using computers for online meetings and assignments. Data management skills a plus. Prior experience with Canva and social media platforms.
