Brief description of Your Organization:

National CleanUp Day is global in scope and is one of several initiatives by Clean Trails to draw attention to litter solutions. We are partnering with multiple organizations worldwide. Clean Trails is a 501 (c) 3 nonprofit organization and community of people dedicated to keeping the outdoors clean.

Core to our beliefs is the notion that people want to do the right things; all they need is a little encouragement or incentive. We believe that people are naturally responsible; if we encourage them to care for their favorite places, to pick up after themselves and others, then our outdoor spaces will become self-sufficient, clean, and more enjoyable.

Describe the nature/goals of the project(s):

Internships supporting the creation of an Environmental Alliance in conjunction with EARTHDAY.ORG
