Internship available these semesters (please mark one or more semesters):

Spring x Summer ___ Fall ___

Brief description of Your Organization:

The Boulder Watershed Collective is a 501(c)(3) non-profit, stakeholder-driven organization established to promote and support watershed health, resiliency, and community stewardship. Our mission is to cultivate partnerships that promote community stewardship and restoration to ensure the vitality of social and ecological systems within the Boulder Creek Watershed and beyond.

Our values are:

- Fostering trusted relationships
- Empowering environmental stewardship & responsibility
- Cultivating collaboration
- Promoting [intersectional environmentalism](#)
- Embodying integrity, inspiring action

Describe the nature/goals of the project(s):

This internship will assist the Education and Communication Program Manager in expanding the BWC's educational and communication programming. Tasks include:

- Sustainability and Engagement Project Development - (e.g. *Rain Barrel Event*)
- Social Media Ambassador Project Development
- Assist in Educational Planning & Evaluation
- Sustainability & Environmental Media Design & Marketing

Skills Acquired During Internship:

Dale Miller, ENVS Internship Faculty Sponsor
Dale.Miller@colorado.edu
Phone: (303) 492-6629
<http://envs.colorado.edu>

Environmental Studies Program
SEEC Building, 4001 Discovery Drive
Box 397 UCB
Boulder, CO 80309-0397

- Understanding community engagement planning, goals, objectives, and evaluation,
- Understanding and building networks across environmental stakeholder groups and community members,
- Building design and marketing skills - writing, website and promotional material design,
- Integrating user analytics into educational planning

Please list required and/or desired skills and qualifications:

Commitment is a flexible 10 hours/week throughout CU's spring semester. Interns must be comfortable meeting weekly and then working independently in their own time.

This is a great opportunity for someone interested in environmental and sustainability education, community engagement, marketing and design. BWC offers the opportunity to interact with local, state and federal partners.
