City: __Boulder _____ **State:** __CO__ **Zip:** __80305_____

Contact Person: __Diana Dorman_____

E-mail: _diana.dorman@colorado.edu_____ **Phone:** _775-247-4289_____

Internship available these semesters (please mark one or more semesters):

Spring Summer Fall

Brief description of Your Organization:

The Department of Environmental Studies at CU Boulder is a hub for facilitating interdisciplinary collaboration in environment and sustainability. Environmental Studies courses integrate the academic divisions of natural science, social science, and humanities, providing skill and knowledge applicable to the pursuit of solutions to environmental challenges faced globally, nationally, regionally, and locally. The program nurtures interdisciplinary academic training for undergraduate and graduate students, provides guidance for students with career aspirations in environment and sustainability venues, promotes diverse professional education experiences, fosters fundamental and applied research, forms meaningful connections with communities beyond the university, and integrates innovative, interdisciplinary programs unified by the themes of environmental research.

Describe the nature/goals of the project(s):

We are currently seeking on ENVS student to help create a series of videos up to 2 min in length, that highlight the work of ENVS faculty members. We intend for these videos to be produced in a professional, modular style to communicate to the larger CU Boulder and ENVS community what research the Department conducts, and the people who are conducting this work.

Please list required and/or desired skills and qualifications:

Experience with video production, creation, and editing, as well as social media communications.

Dale Miller, ENVS Internship Faculty Sponsor
