Internship available these semesters (please mark one or more semesters):

Spring ___ **Summer** ___ **Fall** _x__

Brief description of Your Organization:

EMPSi, a nation-wide consulting firm of planners, scientists, economists, and lawyers, provides a variety of environmental and planning services to government agencies, land managers, and private client. We excel with complex projects, including federal land use management plans and environmental impact analysis.

Describe the nature/goals of the project(s):

We have an opening for an Environmental Planning internship for the Fall Semester 2021 (August-December). The intern will be self-motivated, with good organizational skills and technical expertise to integrate many aspects of environmental work. This is an unpaid internship and therefore mandatory for students to receive school credit.

Responsibilities:

Projects are based on the team needs at the time but might include:

- Assisting in database entry using Microsoft excel.
- Reviewing and coding public comments on NEPA documents.
- Literature review and research.
- Administrative office functions.
- Data collection.
- Environmental analysis.
- Report writing, reviewing, and editing.
- Developing communications products.

Please list required and/or desired skills and qualifications:

Requirements:

- Currently enrolled in the Environmental Studies or Ecology and Evolutionary Biology program at CU boulder.
- Must be a junior or senior.
- Must be in good academic standing, maintaining a minimum 3.0 GPA.

To apply: Send cover letter and resume to megan.stone@empsi.com with subject Environmental Planning Internship. ***Resumes without cover letters will not be accepted.***
