### **Our Business:**

We are a performance duo with a large following in the Boulder / Denver area. We perform kid's concerts all over town and beyond. We are working to grow our business in the next months & years. We need some extra support. If you work with us you might:

- Research new venues.
- Make initial contact with schools and libraries.
- Coordinate music assemblies, library shows and other concerts for small tours.
- Help us with our social media presence by promoting shows, videos, etc.
- Assist in completing grant applications.
- Make props.
- Paint sets.
- Attend concerts or even dress up like a bee (if you are comfortable with that).
  - This internship comes with your very own pair of our signature rainbow socks.

In addition you may learn about: bookkeeping, sound equipment, facilitation of large groups. A perfect internship for anyone with an interest in music, education, environment, and kids.
