# **“Sport: A Nation Divided, A Campus United In Conversation”**

**A Town Hall Discussion  
with  
Dr. Nicholas Villanueva**

Everyone is invited to discuss recent events regarding social protest and sport. This is a town-hall style event for participants to share their thoughts, and understand the different opinions that currently divide our nation. Together, in this discussion, we can learn how to foster unity at CU.

It is suggested, but not required, to do the following:

- #1. Wear your favorite CU gear to show how we are united as a campus, and be ready to share what you love about CU for the ice-breaker.
- #2. Bring your questions and comments about social protest and politics in sport.
- #3. Have an open mind to discuss our differing views regarding the "kneeling" of athletes during the National Anthem.
