

EVEN Seminar Series

Fridays at 2:30 – 3:30 pm
Physical Location: SEEC N124

Date	Speaker	Title
Sep. 9 th	Mike Hannigan; CU Boulder	Trash Talk
Sep. 16 th	Jana Milford; CU Boulder	A Glass Half Full: The 2022 Inflation Reduction Act and US Action on Climate Change
Sep. 23 rd	Taylor Sharpe; CU Boulder	Design and Validation of In-situ Environmental Monitoring Systems to Support Food and Water Security, Service Delivery, and Soil Health
Sep. 30 th	Blair Hanson; CU Boulder	Development and Optimization of a Fluorescence-Based SEC System
Oct. 7 th	Angela Bielefeldt; CU Boulder	Sustainability integration into Engineering Education
Oct. 14 th	Kathleen Kirsch; CU Boulder	TBA
Oct. 21 st	E. Michael Thurman; CU Boulder	Mass Spectrometry and The Art of Environmental Research
Oct. 28 th	Corey Trujillo; CU Boulder	Concentrated Solar Power as an Ignition Source for Self-Sustaining Treatment for Active Remediation
Nov. 4 th	Joseph E. Goodwill; University of Rhode Island	Moving Beyond Resilience by Considering Antifragility in Potable Water Systems
Nov. 11 th	Tiezheng Tong; CSU	Membrane Distillation for Hypersaline Brine Management: Connecting Fundamental Science with Engineering Applications for Improving System Resilience
Dec. 2 nd	Amara Holder; EPA	The chemical composition of wildfire and urban wildfire smoke
