

Environmental Engineering

UNIVERSITY OF COLORADO **BOULDER**

Spring 2022 EVEN Seminar Series

Fridays at 12:30 – 1:30 pm

Physical Location: **SEEC S372A&B**

Zoom: <https://cuboulder.zoom.us/j/7498220010>

Zoom Password: EVEN

Date	Speaker	Title
Jan. 28 th	Prof. Hope Michelsen, CU Boulder	Finding the Smoking Gun: Solving the Mystery of Soot Formation
Feb. 4 th	EVEN Graduate Students, CU Boulder	EVEN Graduate Student Research Lightning Talks
Feb. 11 th	Prof. Charles Driscoll, Syracuse University	Every Cloud has a Quicksilver Lining: Sources, Effects, and Strange U.S. Policies of Atmospheric Mercury
Feb. 18 th	Prof. Brad Wham, CU Boulder **held in SEEC N129**	2021 Marshall Fire: Water System Response & Recovery
Feb. 25 th	**Canceled** Jessica Ray, University of Washington	Cost-Effective, Sustainably-Produced, Engineered Media for Enhanced Contaminant Removal in Urban Stormwater
Mar. 4 th	Prof. JoAnn Silverstein, CU Boulder	TBA
Mar. 11 th	Joyce Zhu, American Water	Long Term Lab-Scale Studies of Simulated Reclaimed Water Distribution: Effects of Disinfectants, Biofiltration, Temperature and Rig Design
Mar. 18 th	Dr. Walter Lee, Virginia Tech	Conceptualizing Marginalization in Engineering Education
Apr. 1 st	Tanya Petach, CU Boulder **held in SEEC N129**	Long-term Trends in Acid Rock Drainage and Implications for Remediation Assessment
Apr. 8 th	Michael Ogletree, Colorado Department of Public Health and Environment	A Career in Air Quality: Public, Private, and Opportunities
Apr. 15 th	Maya Trotz, University of South Florida	Coral restoration connections to coastal communities and climate change: experiences and opportunities in Placencia, Belize
Apr. 22 nd	**Canceled** Joe Goodwill, University of Rhode Island	Moving Beyond Resilience by Considering Antifragility in Potable Water Systems
Apr. 29 th	Ruth Marfil-Verga, Shimadzu Scientific Instruments	TBA
