Department ratings continued on next page

Instructor and course ratings scale: 1 = lowest, 6 = highest. Instructor and course ratings prior to fall 2006 have been converted to this scale.

Time spent scale (fall 2006 and later) is hours per week of class and all course-related work: 1 = 0-3, 2 = 4-6, 3 = 7-9, 4 = 10-12, 5 = 13-15, 6 = 16+ hrs/wk.

Workload rating scale (prior to fall 2006 only) is 1 = too light, 9 = too heavy, 5 = ok.

Standard Deviation (SD) is given for the most recent semester only.

In calculations for both student grades and FCQ ratings, every section counts equally regardless of class size.

Each section also counts equally in the college/division/campus averages; therefore departments with more sections have more weight.

Grades assigned to students are as recorded on student transcripts, with 0 = F, 4 = A. Courses with only P/F grades are excluded from student grade averages.

See [www.colorado.edu/fcq/stats](http://www.colorado.edu/fcq/stats) for more information on statistics and conversion of old to new rating scales.

The FCQ instructor and department summaries are issued annually in late August/early September.

End of School College or Division ratings

Instructor and course ratings scale: 1 = lowest, 6 = highest. Instructor and course ratings prior to fall 2006 have been converted to this scale.  
 Time spent scale (fall 2006 and later) is hours per week of class and all course-related work: 1 = 0-3, 2 = 4-6, 3 = 7-9, 4 = 10-12, 5 = 13-15, 6 = 16+ hrs/wk.  
 Workload rating scale (prior to fall 2006 only) is 1 = too light, 9 = too heavy, 5 = ok.  
 Standard Deviation (SD) is given for the most recent semester only.  
 In calculations for both student grades and FCQ ratings, every section counts equally regardless of class size.  
 Each section also counts equally in the college/division/campus averages; therefore departments with more sections have more weight.  
 Grades assigned to students are as recorded on student transcripts, with 0 = F, 4 = A. Courses with only P/F grades are excluded from student grade averages.

See [www.colorado.edu/fcq/stats](http://www.colorado.edu/fcq/stats) for more information on statistics and conversion of old to new rating scales.  
 The FCQ instructor and department summaries are issued annually in late August/early September.
