
Climate Change Education Resources

[NASA climate change resources for educators](#)

Curated list of organizations that provide reviewed listings of the best available student and educators resources related to global climate change, including NASA products.

[Climate Literacy & Energy Awareness Network \(CLEAN\)](#)

Accurate education about climate and energy topics has never been more important, and it can be challenging to locate reliable, vetted educational materials to use in your classroom. CLEAN is here to help you find the resources that you need, without wondering about their scientific credibility or educational value.

[NPR: 8 Ways To Teach Climate Change In Almost Any Classroom](#)

Article with some thoughts about how to broach the subject with students, no matter what subject you teach.

[UCAR Climate Science Classroom Activities](#)

Hands-on activities for a variety of grade levels.

[GLOBE Observer Citizen Science](#)

GLOBE Observer is an international network of citizen scientists and scientists working together to learn more about our shared environment and changing climate. To participate, just download the [GLOBE Observer app](#) and submit regular observations.

[Community Collaborative Rain, Hail and Snow Network \(CoCoRaHS\) Citizen Science](#)

CoCoRaHS is a grassroots volunteer network of backyard weather observers of all ages and backgrounds working together to measure and map precipitation (rain, hail and snow) in their local communities.
