

CASE – Construction Update Introduction

April 15, 2016

CP007596 - EPRK - EUCLID AVENUE AUTOPARK ADDITION (290)
 Commonly referred to as **CASE** (Center for Academic Success & Engagement)

We are preparing to begin construction on the 4-story building on top of the Euclid Autopark that will initially house Admissions, as well as other tenants as the building fills out. We will be providing construction updates to keep you informed as the project progresses, and to alert you to happenings that may impact you. The site plan is attached for your reference. Because of its central location, CASE is going to be a challenging project. We look forward to your cooperation and understanding as we work to get it built. Please feel free to contact Stephen Graziano with any questions or concerns.

Construction Staging Begins – August 1, 2016

Construction Scheduled Start – August 22, 2016

Construction Scheduled Finish – November 2017

Euclid Autopark Closures

Partial Outages - starting August 22nd through September

Full Outage - October, November & December, 2016 (14 weeks)
