

In CASE You Were Wondering – Project Update

Newsletter #3 – July 28, 2016 – Site Staging

CP007596 - EPRK - EUCLID AVENUE AUTOPARK ADDITION (290)

We wanted to remind everyone that **site staging begins on schedule this Monday, August 1**. Euclid Street will get some restriping over the weekend in preparation for Monday. Fencing, trailers, and equipment will go into place over the course of the week. Please note the site plan above. **As always, feel free to contact Stephen Graziano with any questions or concerns.**

Construction Start – August 22, 2016

Construction begins. While the Euclid garage will remain open at this time, there will be several partial garage closures on the top deck beginning at this time to prepare for steel work.

Euclid Garage Closure – Oct. 10, 2016 to Jan. 13, 2017

This closure will last 14 weeks, but the garage is to be reopened by the start of spring classes on January 17, 2017. In order to accommodate this closure, PTS will be reworking parking lot 204 (across the street from the Euclid garage) to handle as much parking as possible. Signage will help direct patrons to the alternative parking. Once reopened, the top level of the garage will have a slightly different traffic flow which will be well-marked for patrons.

Please help us to encourage pedestrians, bikers, and commuters to find alternate routes around the site to minimize congestion and maintain the safest environment possible throughout the project.
