## Colloquium & Happenings

### Dr. Fran Bagenal - Think Global, Act Local: Demographics of the Space Sciences

Join us this week for an exciting colloquium presentation by **Dr. Fran Bagenal** who will be discussing injustices found in the statistics of science.

Join her on 2/11/26, 12:20-1:20 PM. In Benson Earth 380.

## Coffee Social

Come join us this **Monday, February 9th**, and every Monday from **10:30–11:30 AM** in Benson Earth 380 for some delicious coffee, tea, and treats! All students and faculty are welcome!

## Fiske Planetarium Facilitator Opportunity

Fiske Planetarium is seeking graduate students and postdocs to serve as facilitators for the Science Under the Dome public talk series. Facilitators support engaging science talks for broad audiences and collaborate with Fiske on speaker recruitment and rehearsals. This is a commitment of about 10+ hours per semester. **Apply by tomorrow, February 6** using the short Facilitator Interest form. Interviews will follow.

## University Events & Happenings

### Supporting Grad School Success With Mindfulness

Join Michael Kimball, PhD on **Tuesday, February 10th**, from **12:00 – 1:00 PM** to learn mindfulness techniques for navigating the stress of graduate school. This session, held on Zoom, provides practical tools to help stabilize your journey and support you through the professional and personal ups and downs of your program.

[Register Here](#)

### Graduate Writing Workshop

Join Dr. Erin Furtak on Friday, **February 13th**, from **12:00 – 1:00 PM** to learn how to turn your outlines into cohesive academic drafts. This session, held on Zoom, covers academic frameworks and strategies for creating a logical flow between sections.

[Register Here](#)

## Proposal Writing: Planning, The Key to Successful Proposals

On **Wednesday, February 18th**, discover how a solid plan enhances proposal competitiveness. This webinar will cover narrative structure, audience awareness, storytelling techniques and effective outlining. The event will be on zoom from **12:00-1:00 PM**.

[Register Here](#)

## San Luis Valley Colcha Embroidery Project

Join Adrienne Garbini and Trent Segura on **Tuesday, February 17th, at 3:00 PM** to explore the history and revival of this unique 19th-century textile practice. This presentation, **held in CASE E330**, highlights how colcha embroidery serves as a pictorial art for local narratives while fostering vital community connections through cultural preservation.

## External Opportunities Outside CU

### Seismic Methods for Urban Engineers

Dr. Yunyue Elita Li from Purdue University, will host her Distinguished Short Course on **February 10th** on Seismic Methods for Urban Engineers. It's a full-day course and **\$80 for students**. Contact Ge Jin [here](#) if you would like to attend.

[Register Here](#)

## DGS Student Challenge Bowl

Put your geophysics knowledge to the test on **Wednesday, March 4**, at Denver's Ellie Caulkins Opera House! Teams of two will compete in a game-show-style event **for a \$2,000 travel grant** and the chance to head to the SEG International finals. All competitors receive a **\$25 gift card plus free food and drinks**. Don't miss this chance to network and win!

[Register Here](#)

## OU Student Research Symposium

Join the University of Oklahoma on **Friday, March 13, 2026**. This event features a poster session with awards, specialized short courses led by industry experts, and prime networking opportunities.

**Registration is FREE** for all undergraduate and graduate students, but spots are limited. **Sign up by March 6** to showcase your research and connect with your future career!
