

Department of Geological Sciences  
UNIVERSITY OF COLORADO **BOULDER**

## Important Upcoming Deadlines

### UROP Deadline

The deadline to apply to join the Undergraduate Research Opportunities Program (UROP) is **February 14th, 2025**. The program offers individual grants for both the academic year of 2025 to 2026 and the summer term of 2025, with one application for both. Joining UROP can help you explore and expand your skillset, so apply today!

## Opportunities

### 2025-26 CU Scholarships Applications Still Open

Scholarship applications for the 2025-26 Academic Year are open now. Completing the general application will apply you to all scholarships in Geological Sciences as well as hundreds of other scholarships in A&S and across campus. It is well worth a few minutes of your time. The application deadline is **March 15th**.

Don't sleep on other opportunities! There may be additional scholarships you are eligible for but require that you answer a couple additional questions. You can find those scholarships on your recommended opportunities page.

### Featured Internship - EarthScope

The EarthScope Student Career Intern Program is now accepting applications for six paid summer internships designed to provide experience, mentorship, and professional development in the geosciences. These positions offer valuable opportunities for students (from undergrad to graduate) looking to gain practical experience and expand their professional networks. Individuals who have graduated within 1 year are also eligible to apply.

## Public Interest Internship Experience

The CU Public Interest Internship Experience (PIIE) program is open for applications! PIIE internships empower students to make a positive impact in the Boulder/Denver communities by partnering with local non-profit and government organizations. If you are a student who is passionate about strengthening our community and environment, PIIE is the right program for you. Not only will PIIE interns gain valuable experience, but they will also receive \$6,000 for about 300 hours over the summer! Applications are due **February 16th at 11:59 PM**, see below for details.
