UNIVERSITY OF COLORADO **BOULDER**

Thesis Dissertation Event!

Have you ever asked yourself how can I reuse material from my dissertation for publications, or visa versa? Do I need to register copyright for my dissertation/thesis? Should I share my dissertation/thesis publicly, and how do I go about sharing it? What do I need to be concerned about when using material from other publications in my dissertation/thesis? If you've asked yourself any of these questions, this workshop will explore copyright law, fair use principles, and publisher policies and help you to make important decisions about your own dissertation or thesis! On Tuesday **March 4th**, attend the virtual dissertation workshop! Register through link below!

Department Social Events

Student Craft Night at CUMNH After Hours!

Join us **tonight** for *After Hours Craft Night* at the CU Museum of Natural History! Come and create paper flowers inspired by the botanic exhibits in the Museum, or bring your own crafts to work on! Snacks and refreshments provided.

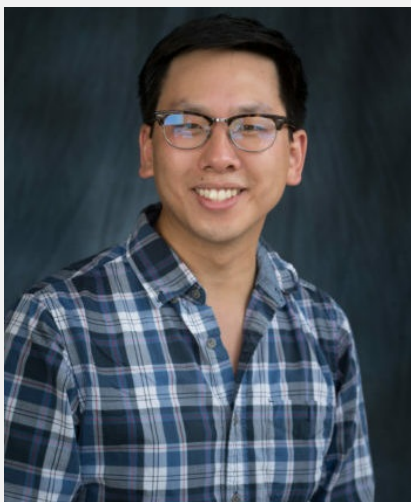

The event will be tonight, February 27 from **5:30 – 8:30pm** in the BioLounge at the CUMNH

Can't make it this time?

The CU Museum is now open every Thursday evening. Come explore the exhibits, hang out, use the study space, and enjoy some free refreshments! Focused activities will be available on select Thursdays, so check out their social media to stay up to date.

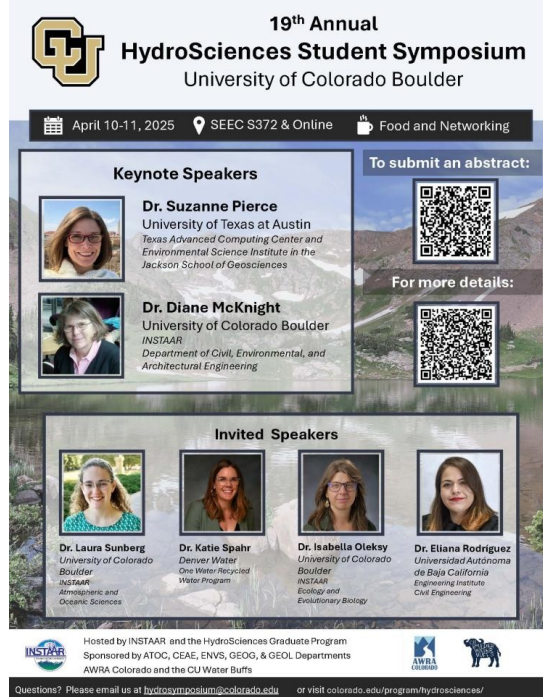

Colloquium and Happenings

Geological Sciences Colloquium Speaker

On Wednesday, March 5th, Dr. Andrew Du will be visiting from Colorado State University as a colloquium speaker. As always, snacks and drinks will be available at 12:00 and the talk will begin at 12:20. Stop by Benson 380 to listen in!

19th Annual Hydrologic Sciences Student Research Symposium

We are getting ready for this year's Hydrologic Sciences Student Symposium and would love for you to participate. The symposium highlights work from students and beyond from all across the spectrum of hydrologic sciences. Highlights of this year's symposium include opportunities for networking, socializing, and presentations by six invited speakers. Abstracts are accepted from graduate and undergraduate students, researchers, and faculty at CU Boulder and other colleges and universities. Interdisciplinary entries are encouraged. Highlights of this year's symposium include opportunities for networking, socializing, and presentations by six invited speakers. Please submit your abstract by March 23rd, but don't wait! BAM Scholarship Portal

In need of money? Scholarship applications for the 2025-26 Academic Year are open and in your Buff Portal. Completing the general application will apply you to almost all scholarships in Geological Sciences as well as hundreds of other scholarships in A&S and across campus. It is well worth a few minutes of your time.

You are strongly encouraged to respond to the optional essay question about your research interests – this helps the awards committee match you with funding opportunities related to your research area! Apply below!

Step-by-step Application Instructions

Research and Travel Awards

We are currently accepting applications for funds to support research expenses and conference travel this spring and summer. We anticipate awarding at least five **research awards** of up to \$4000 each. These funds are for laboratory expenses, software, analytical expenses, field equipment or supplies for your thesis research. We will also be awarding **travel awards** for spring and summer travel of up to \$1500. These funds are for travel expenses for a conference or workshop. Applications are due this **Friday, February 28 at 5 pm**. Apply below!

Graduate Research Funding

The Lawrence A. Taylor Research Fund in

Petrology and Geochemistry

Beginning in 2021, The Lawrence A. Taylor Research Fund in Petrology and Geochemistry, provided through the generosity of Dong-Hwa Shin (Dawn) Taylor, will provide grants for two PhD students pursuing studies in the fields of Petrology and/or Geochemistry and who demonstrate excellent research in their field. The grant will cover some of the financial burden associated with candidate's research studies. Learn more and apply through the link below, applications due **March 13th, 2025**.
