**Total Amount Requested** \$ \_\_\_\_\_

List all other sources of funding to which you have applied for this project and amounts requested. Indicate status of each application (accepted, pending, declined).

Include a one-page request describing your project

Students should submit applications to the graduate director by the Sept 15 or Jan 31 deadlines, and should expect up to 10 business days for a response from the scholarship committee. Requests submitted during the summer will be considered if funding is available, and should be submitted to the department chair.

By submitting this application you acknowledge that an award may have implications for your total financial aid package, including eligibility for – and funding of – student loans and/or other scholarships. For instance, scholarships generally immediately reduce (by the amount of the scholarship) the amount of student loan assistance you receive, but they do usually not affect other scholarship funding which has already been awarded to you (except, possibly, upon application for continuation).

By submitting this application, you give permission to the Department of Germanic and Slavic Languages and Literatures to include mention of your award on departmental online and printed materials.
