Interdisciplinary Research Odyssey Seminar

with Dr. Amy Palmer, Wednesdays 11:15-12:05

This is a **1-credit course** that provides an introduction to research for curious students, exploring the questions:

- What is research?
- What does it look like in STEM versus social sciences versus humanities and the arts?

Gain experience in:

- Identifying problems and framing research questions in different disciplines.
- How to conduct literature reviews, evaluate sources of information, and how to communicate to different audiences.
- Research resources on campus.
