

RE-DESIGNING YOUR MAKER MIX

1. **Set your current OUTPUT LEVELS**
(just put a slider bar in the right place on each column)
2. **Pick 1 slider you'd like to try moving**
3. **Redraw that slider where you want to re-locate it.**
4. **Jot down 1 small prototype you could try within a week** _____

5. **Share the idea with a friend & DO IT!**
