

MAYA RIESELBACH, M.A.

EDUCATION

University of Colorado Boulder, Boulder, CO

August 2018 – present

Department of Psychology and Neuroscience & Institute for Behavioral Genetics

Clinical Psychology Predoctoral Trainee, Certificate in Behavioral Genetics

Advised by Dr. Soo Rhee

Bowdoin College, Brunswick, ME

August 2011 – May 2015

Major: Neuroscience, Minor: Education, GPA: 3.6

Sarah and James Bowdoin Scholar 2013-2015

Independent study: Effects of discriminant visual stimuli on c-fos activity within the optic tectum of the goldfish *Carassius auratus*. Advised by Dr. Richmond Thompson, PhD.

RESEARCH EXPERIENCE

Graduate Research Assistant

August 2022 – present

Renee Crown Wellness Institute, University of Colorado Boulder, Boulder, CO

Supervisors: Dr. Sam Strife, PhD and Dr. Sona Dimidjian, PhD

- Team member on the mind. body. voice. RCT, a peer-led intervention study aimed to promote body acceptance and increase mental wellbeing in young people.
- Contribute to prevention curriculum development.
- Manage adherence team, including training undergraduate student assistants to code adherence and tracking adherence and fidelity measurements.
- Assess facilitator competence. Coordinate and lead facilitator trainings and weekly supervision meetings. Respond to emergent facilitator concerns that arise in groups.
- Engage in participant recruitment and outreach efforts.

Graduate Student Researcher

August 2018 – present

Department of Psychology and Neuroscience, University of Colorado Boulder, Boulder, CO

Supervisor: Dr. Soo Rhee, PhD

- Research interests include: Genetic, environmental, and biological influences on co-occurring substance use and psychological disorders. Risk and protective factors for risk taking and substance use behaviors during adolescence. Predictors of child and adolescent anxiety disorders.

Clinical Research Coordinator

June 2016 – June 2018

Adolescent Acute Residential Treatment Program, McLean Hospital, Belmont, MA

Supervisor: Dr. Chad McWhinnie, PhD

- Coordinated quality assurance initiative at the Acute Residential Treatment (ART) program (PI: Dr. Chad McWhinnie)
- Conducted baseline, post-treatment, and one-month follow-up assessments of adolescents (ages 13-19) with co-occurring psychiatric and substance use disorders
- Administered structured clinical interviews (MINI-KID), cognitive assessments (CVLT-C), computerized behavioral task (emotional Go-NoGo), and a battery of clinical surveys assessing depressive and anxiety symptoms, self-efficacy, emotion regulation, trauma, motivation, impulsivity, etc.
- Provided clinical teams with written assessment reports condensing and organizing individual diagnostic and symptom measure findings, and presented findings to clinical staff in rounds and seminars.
- Responsible for all data entry, database maintenance, and IRB submissions.
- Performed data analysis using SPSS, present posters, and assist in the preparation of manuscripts.

Clinical Research Assistant II

May 2017 – June 2018

Neurodevelopmental Lab on Addictions and Mental Health, McLean Hospital, Belmont, MA

Supervisor: Dr. Marisa Silveri, PhD

- Assisted with three neuroimaging studies: 1) a longitudinal study of the impact of alcohol on adolescent brain development (PI: Dr. Marisa Silveri), 2) a longitudinal study of college student binge drinking (PI: Dr. Julia Cohen-Gilbert), and 3) a study of memory, mood, and brain function in adult women with and without depression (PI: Dr. Jen Sneider).
- Recruited and screened participants, administered cognitive assessments and clinical interviews, and facilitated fMRI and MRS study sessions.
- Performed brain extraction techniques and edits using FSL and Freesurfer.
- Contributed to IRB protocol and study design for a longitudinal study of the impact of yoga on brain development in depressed and healthy adolescents.

Clinical Research Assistant

October 2015 – June 2016

Adolescent Acute Residential Treatment Program, McLean Hospital, Belmont, MA

- Managed follow-up surveys for a study assessing treatment outcomes and presented summaries of these data to clinical staff.
- Responsible for clinical interview and survey data management.

Research Assistant

May 2014 – August 2014

Infant Cognition Center, Yale University, New Haven, CT

- Assisted with data collection and analyses for several social and cognitive development studies in infants and toddlers (PI: Dr. Karen Wynn).
- Attended weekly lab meetings and contributed to experimental design and project planning.
- Designed, presented and ran a pilot study to test the capabilities of babies associating music with events.

CLINICAL EXPERIENCE

Clinical Extern

June 2022 – June 2023

Children's Hospital Colorado, Aurora, CO

- Provided individual and family outpatient therapy to children and adolescents (ages 7-18) utilizing evidence-based strategies including CBT, DBT, ACT, PCT, FFT, and MI, with a caseload of four patients/families per week.
- Completed an average of one intake assessment per month, including administration of self-, parent-, and teacher-report measures, conducting semi-structured diagnostic interviews, and providing feedback sessions and treatment recommendations.
- Four hours a week at the Partial Hospitalization Program (PHP), co-leading exposure groups (for patients) and parent groups, conducting assessments as needed, and providing one-on-one skills coaching.
- Four hours a week on the Consultation/Liaison Team, conducting assessments, providing treatment recommendations, and attending rounds.
- Four hours a week at the Anxiety Intensive Outpatient Program, primarily leading groups and conducting exposures with teens (ages 12-18) and attending team meetings.
- Attended weekly staff rounds and didactics.

Clinical Extern

July 2021 – June 2022

Mental Health Partners Longmont Child and Family Services, Longmont, CO

- Provided individual and family outpatient therapy to children and adolescents (ages 10-18) utilizing evidence-based strategies including CBT, DBT, ACT, TF-CBT, FFT, and MI.
- Carried a caseload of a maximum of 12 clients per week.
- Attended weekly staff rounds and consultation groups.

Clinical Extern

September 2020 – June 2022

Attention, Behavior, and Learning Clinic, University of Colorado Boulder, Boulder, CO

- Provided cognitive, academic, and neuropsychological assessments to children and adolescents (ages 6-16) in order to test for learning disabilities, ADHD, and cognitive problems, under the supervision of a licensed child psychologist.
- Administered structured and informal clinical interviews to parents and teachers.

- Wrote assessment summary reports and presented findings to families in the form of a feedback meeting.

Clinical Trainee

September 2019 – July 2022

Raimy Psychology Clinic, University of Colorado Boulder, Boulder, CO

- Provided evidence-based individual and family therapies (e.g., Cognitive Behavioral Therapy, Acceptance and Commitment Therapy, Dialectical Behavioral Therapy) to child, adolescent, and adult clients under the supervision of a licensed clinical psychologist.
- Administered intake assessments and wrote intake summary reports, progress summaries, and termination reports.
- Participated in weekly individual and group supervision.

Clinical Trainee

September 2019 – August 2020

Brain Behavior Clinic, University of Colorado Boulder, Boulder, CO

- Provided cognitive, academic, and neuropsychological assessments to test for learning disabilities, ADHD, and cognitive problems, under the supervision of a licensed neuropsychologist.
- Wrote assessment summary reports and presented findings to clients in the form of a feedback meeting.

Milieu Manager

June 2016 – May 2017

Adolescent Acute Residential Treatment Program, McLean Hospital, Belmont, MA

- Provided general milieu supervision and management of patient activities, including skills support for patients in crisis.
- Taught clinical education lessons grounded in cognitive behavioral, dialectical behavioral, and motivational interviewing theories, among others.
- Developed and led weekly yoga and running groups.
- Co-led therapeutic groups, including Mindfulness, Addictions Education, and Interpersonal Effectiveness.
- Attended clinical trainings and addictions-based seminars covering topics on adolescent psychopathology, cognitive-behavioral, dialectical-behavioral, and motivational interviewing therapies.

Community Residence Counselor

July 2015 – June 2016

Adolescent Acute Residential Treatment Program, McLean Hospital, Belmont, MA

- Provided therapeutic support for patients and responded to clinical issues within the milieu.
- Designed and led treatment-relevant groups in the topics of self-esteem, identity, healthy relationships, family issues, etc.
- Taught and guided coping strategies for emotion regulation and distress tolerance.
- Attended weekly staff meetings, milieu seminars, and trainings.

Student Director

September 2014 – May 2015

Women's Resource Center, Bowdoin College, Brunswick, ME

- Planned and implemented campus-wide programs to support women and raise awareness of gender issues on campus and in society.
- Facilitated a weekly discussion group surrounding body image issues and provided peer support for women coping with mental health challenges on campus.

TEACHING EXPERIENCE

Graduate Teaching Assistant

August 2018 – May 2019

University of Colorado Boulder, Boulder, CO

- Research Methods TA and Laboratory Instructor (January 2019 - May 2019): taught two weekly lab sessions, lectured on methodology and data analysis-related topics to guide students through design and implementation of independent research projects. Held weekly office hours and wrote exam questions.
- Social Psychology TA (August 2018 - December 2018): held weekly office hours and review sessions, wrote exam questions, and guest lectured on topics of attribution and social cognition.
