 - Upon your submission of the *Departmental Administrator: Departmental Responsibilities & Attestation* e-form, **the student intern will receive an email requesting they complete the student intern e-forms included in the DS-2019 Extension request.** Monitor the status of their submission on their *DS-2019 Extension* request e-form group landing page and follow-up if necessary.
 - The department cannot submit these e-forms on the exchange visitor's behalf.
 - If you would like to email the student intern directly or they indicate they did not receive the MyISSS email to complete the e-forms, direct them to: 1) log into their [MyISSS portal](#), 2) click on Departmental Services on the left navigation, then 3) click on the DS-2019 Extension (Student Intern) tile. Request link).

 - The Export Controls Review (extension) e-form is pre-populated with the Office of Export Controls (OEC) information. Click on "Submit" to send the e-form to OEC.
 - Departments that have an internal export control review must upload documentation of the completed internal review in the e-form.

To return to an already initiated DS-2019 Extension (Student Intern) request, click on “My Current Cases” tile under “Lists” in the Departmental Services portal to access the in progress request.

- If you attempt to access an already initiated *DS-2019 Extension* request by clicking on the “DS-2019 Extension (Student Intern)” tile under “Tasks,” you may create a duplicate request and information may be spread across multiple requests. This will have to be manually corrected by the department which will slow the processing of the DS-2019 extension as all information must be on a singular request.
