A complete DS-2019 request requires the submission of the following individual e-forms.

- *If the host supervisor is not full-time CU faculty/staff:*
 - Also submit the *CU Boulder Supervisor Form (Internal Transfer)*.
- Complete the *Program Information & Details (Internal Transfer)* e-form.
- Complete the *Departmental Administrator: Departmental Responsibilities & Attestation (Internal Transfer)* e-form.
- Open the *Host Supervisor: Departmental Responsibilities & Attestation (Internal Transfer)* e-form, enter the name and email address of the person who will supervise the exchange visitor during the program in the new department, and submit the e-form.
- Open the *Department Chairperson: Departmental Responsibilities & Attestation (Internal Transfer)* e-form, enter the name and email address of your departmental or research institution chairperson, and submit the e-form.
- Upon your submission of the *Departmental Administrator: Departmental Responsibilities & Attestation* e-form, **the scholar will receive an email requesting they complete the scholar e-forms included in the DS-2019 Request (Internal Transfer)**. Monitor the status of their submission on their *DS-2019 Request (Internal Transfer)* e-form group landing page. Follow-up if necessary.
 - The department cannot submit these e-forms on the exchange visitor's behalf.
 - If you would like to email the scholar directly or they indicate they did not receive the MyISSS email, direct them to log into their [MyISSS portal](#), click on Departmental Services on the left navigation, then click on the DS-2019 Request (Internal Transfer) tile. Within the DS-2019 Request (Internal Transfer) screen, instruct them to scroll down and click on the already initiated *DS-2019 Request (Internal Transfer)*—**not** the Start a New Request link.
- **Do not initiate the *Export Controls Review (Internal Transfer)* e-form until all prior required e-forms have been submitted.**

- The *Export Controls Review (Internal Transfer)* e-form is pre-populated with the Office of Export Controls (OEC) information. Click on "Submit" to send the e-form to OEC.
 - Departments that have an internal export control review must also upload documentation of the completed internal review in the e-form.

To return to an already initiated DS-2019 Request (Internal Transfer), click on “My Current Cases” tile under “Lists” in the Departmental Services portal to access the request.

- If you attempt to access an already initiated *DS-2019 Request (Internal Transfer)* by clicking on the “DS-2019 Transfer (Internal Transfer)” tile under “Tasks,” you may create a duplicate request and information may be spread across multiple requests.
 - This will have to be manually corrected by the department which will slow the processing of the DS-2019 Request as all information must be on a singular request.
