Optional Practical Training (OPT) STEM Extension
Preparing Your OPT STEM Extension Application
What is the OPT STEM Extension?

The OPT STEM Extension is an additional 24-months of Optional Practical Training authorized by USCIS for additional training in certain STEM fields.

[STEM Eligible CIP Codes]
Eligibility Requirements

✓ Maintaining lawful F-1 status

✓ Currently in a valid period of post-completion OPT authorization

✓ Applying for the OPT STEM Extension based on a bachelor's, master's, or doctoral degree in an eligible STEM field

✓ Working for an E-Verify Employer

✓ Have not accrued more than 90 days of unemployment while on Post-Completion OPT

✓ Have reported all post-completion OPT employment in a timely manner

✓ Have a paid job/internship offer directly related to your major STEM Extension field of study for at least 20 hours per week
When to Apply for the OPT STEM Extension

The OPT STEM Extension Period Occurs:

- Immediately after a 12-month period of post-completion OPT
  - This means you must still be in a valid period of post-completion OPT at the time USCIS receives your OPT STEM Extension application.
  - This also means you do not choose your STEM OPT start date. It always begins the day after your OPT ends.
- In most cases degree completion is required to be eligible for the OPT STEM Extension

Plan ahead!

USCIS will accept your OPT STEM Extension up to 90 days prior to your current OPT end date. You must ensure that USCIS receives your OPT STEM Extension prior to your current OPT end date.
Applying for the OPT STEM Extension

• Apply as early as **90 days prior to your current OPT end date**

• Your application must be *received* by USCIS:
  • Before your current OPT end date; and
  • Within **60 days** of the date ISSS enters the recommendation for OPT STEM Extension into your SEVIS record

• USCIS is not open on the weekends or on federal holidays. If your Post-Completion OPT ends on a weekend day or federal holiday, USCIS must receive your application the morning of the weekday before.
The 180-day Interim STEM OPT Extension

- Unlike with Post-Completion OPT, a student who has applied for an OPT STEM Extension can continue working without an OPT STEM Extension approval (EAD) based on the timely filing of the OPT STEM Extension.
- The 180-day interim STEM OPT Extension begins the day after the current post-completion OPT ends.
- USCIS must receive the OPT STEM Extension before the current post-completion OPT ends in order to be eligible for the 180-day extension.
- A student should consult with their employer to confirm what the employer needs for I-9 purposes during the 180-day interim STEM OPT Extension (there will be no EAD during this time). The employer might ask for the expired EAD and/or the endorsed I-20 recommending a STEM Extension.
- If the OPT STEM Extension is pending for more than 180-days beyond the post-completion OPT end date, then the student must stop working until the STEM OPT is approved.
- Time during the 180-day interim extension period counts toward the 24-month extension.
What is a Qualifying STEM Degree?

• The OPT STEM Extension must be based on a Bachelor's, Master's, or Ph.D.

• The degree must be earned from an accredited SEVP certified school and must be in an eligible STEM field as noted on the STEM Designated Program List.

• A student may qualify for a STEM OPT extension notwithstanding that the student has yet to complete a thesis requirement or equivalent, so long as the thesis requirement or equivalent is the only degree requirement still outstanding at the time of application (although this is not an available option when using a previously obtained STEM degree).
What is an E-Verify Employer?

The employment/training opportunity while on the OPT STEM Extension is employer specific.

- Every OPT STEM Extension training opportunity for the duration of the 24-month OPT STEM Extension period must be offered by an employer fully registered in the E-Verify system.
- The employer must be registered with E-Verify at the time the student applies for the OPT STEM Extension.
  - The employer's E-Verify number is required as part of the OPT STEM Extension process.
The OPT STEM Extension Qualifying Job

- Must be directly related to the STEM eligible degree that qualifies the student for the OPT STEM Extension
- The job must assist the student with their OPT STEM Extension practical training and goals
- The job must be paid; it cannot be a volunteer position
- Salary must be commensurate "with the terms and conditions applicable to the employer's similarly situation U.S. workers in the area of employment"
- Cannot replace a full or part-time, temporary, or permanent U.S. worker
- Cannot be self-employment
- Must be at least 20 hours/week
- Requires a bona-fide employer-employee relationship
The OPT STEM Extension Training Plan (Form I-983)

- The Form I-983 must be submitted to ISSS for review in order to request an OPT STEM Extension.
- As your Designated School Official (DSO), ISSS is charged with reviewing the Form I-983 to make sure it is completed and meets all the OPT STEM Extension Requirements.
- As part of the OPT STEM Extension process, ISSS will upload a copy of the Form I-983 to SEVIS when recommending the OPT STEM Extension.
  - You do not mail a copy of the I-983 to USCIS with your STEM OPT application materials.
- The form I-983 must clearly articulate the OPT STEM Extension learning objectives and affirm the employer’s commitment to ensuring the student achieve their learning objectives.
- Every OPT STEM Extension employment opportunity must be supported by a fully completed form I-983.

SECTION 2: STUDENT CERTIFICATION

I declare and affirm under penalty of perjury that the statements and information made herein are true and correct to the best of my knowledge, information and belief. I understand that the law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

I certify that:

1. I have reviewed, understand, and will adhere to this Training Plan for STEM OPT Students ("Plan");

2. I will notify the DSO at the earliest available opportunity if I believe that my employer is not providing me with appropriate training as delineated on this Plan;

3. I understand that the Department of Homeland Security (DHS) may deny, revoke, or terminate the STEM OPT of students whom DHS determines are not engaging in OPT in compliance with the law, including the STEM OPT of students who are not, or whose employers are not, complying with this Plan;

4. My practical training opportunity is directly related to the STEM degree that qualifies me for the STEM OPT extension; and

5. I will notify the DSO at the earliest available opportunity regarding any material changes to or deviations from this Plan, including but not limited to, any change of Employer Identification Number resulting from a corporate restructuring, any nontrivial reduction in compensation from the amount previously submitted on the Plan that is not tied to a reduction in hours worked, any significant decrease in hours per week that I engage in a STEM training opportunity, and any decrease in hours below the 20-hours-per-week minimum required under this rule.

### Section 4: Employer Certification

I certify on behalf of the employer that this Training Plan for STEM OPT Students ("Plan") is approved and that:

1. I have reviewed and understand this Plan, and I will ensure that the supervising Official follows this Plan;

2. I will notify the DSO at the earliest available opportunity regarding any material changes to this Plan, including but not limited to, any change of Employer Identification Number resulting from a corporate restructuring, any reduction in compensation from the amount previously submitted on the Plan that is not tied to a reduction in hours worked, any significant decrease in hours per week that a student engages in a STEM training opportunity, and any decrease in hours below the 20-hours-per-week minimum required under this rule;

3. Within five business days of the termination or departure of the student during the authorized period of OPT, I will report such termination or departure to the DSO (Note: business days do not include federal holidays or weekend days; and an employer shall consider a student to have departed when the employer knows the student has left the practical training opportunity, or when the student has not reported for practical training for a period of five consecutive business days without the consent of the employer); and

4. I will adhere to all applicable regulatory provisions that govern this program (see 8 CFR Part 214), which include, but are not limited to, the following:
   a. The student’s practical training opportunity is directly related to the STEM degree that qualifies the student for the STEM OPT extension, and the position offered to the student achieves the objectives of his or her participation in this training program;
   b. The student will receive on-site supervision and training, consistent with this Plan, by experienced and knowledgeable staff;
   c. The employer has sufficient resources and personnel to provide the specified training program set forth in this Plan, and the employer is prepared to implement that program, including at the location(s) identified in this Plan;
   d. The student on a STEM OPT extension will not replace a full- or part-time, temporary or permanent U.S. worker. The terms and conditions of the STEM practical training opportunity—including duties, hours, and compensation—are commensurate with the terms and conditions applicable to the employer’s similarly situated U.S. workers or, if the employer does not employ and has not recently employed more than two similarly situated U.S. workers in the area of employment, the terms and conditions of other similarly situated U.S. workers in the area of employment; and
   e. The training conducted pursuant to this Plan complies with all applicable Federal and State requirements relating to employment.

Note: DHS may, at its discretion, conduct a site visit of the employer to ensure that program requirements are being met, including that the employer possesses and maintains the ability and resources to provide structured and guided work-based learning experiences consistent with this Plan.

The OPT STEM Extension Training Plan (Form I-983) Section Five

For the remaining fields in this section, employers who already have an internal/pre-existing training plan in place may fill in the details based on that plan.

• **Student Role:** Describe the student's role with the employer and how that role is directly related to enhancing the student's knowledge obtained through his or her qualifying STEM degree.

• **Goals and Objectives:** Describe how the assignment(s) with the employer will help the student achieve his or her specific objectives for work-based learning related to his or her STEM degree. The description must both specify the student's goals regarding specific knowledge, skills, or techniques as well as the means by which they will be achieved.

• **Employer Oversight:** Explain how the employer provides oversight and supervision of individuals filling positions such as that being filled by the named F-1 student. If the employer has a training program or related policy in place that controls such oversight and supervision, please describe.

• **Measures and Assessments:** Explain how the employer measures and confirms whether individuals filling positions such as that being filled by the named F-1 student are acquiring new knowledge and skills. If the employer has a training program or related policy in place that controls such measures and assessments, please describe.
SECTION 6: EMPLOYER OFFICIAL CERTIFICATION

I declare and affirm under penalty of perjury that the statements and information made herein are true and correct to the best of my knowledge, information and belief. I understand that the law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

Employer Official with Signatory Authority - I certify that:

1. I have reviewed, understand, and will follow this Training Plan for STEM OPT Students (Plan);

2. I will conduct the required periodic evaluations of the student;*

3. I will adhere to all applicable regulatory provisions that govern this program (see 8 CFR Part 214.2(f)(10)(ii)); and

4. I will notify the DSO regarding any material changes to or material deviations from this Plan at the earliest available opportunity, including if I believe the student is not receiving appropriate training as delineated in this Plan.

Page 5 of the I-983 (Evaluations)

• At the time that you submit your STEM OPT Extension I-20 Request to ISSS, page 5 of the your I-983 should be left blank.

• This page will be used for your 12-month and 24-month (or final) evaluations. It will be completed by you and your employer later.
OPT STEM Extension Request Process

Submit the **STEM Extension I-20 Request form** (DocuSign) to ISSS to obtain an I-20 recommending the OPT STEM Extension (required for the application to USCIS):

You will upload the following to the DocuSign:

- Completed Form I-983 (leave page 5 blank)
- Most Recent EAD (front and back)
- Documentation of STEM eligible degree (diploma)
STEM Extension OPT I-20 Request Process

1. ISSS will review the OPT STEM Extension Request within 3-5 business days.
2. ISSS will verify your degree is STEM eligible.
3. ISSS will confirm your attestation that you are working with an E-Verify employer.
4. ISSS will review the Form I-983 OPT STEM Extension Training Plan to verify it is complete and meets all the requirements and will upload a copy of the plan to your SEVIS record. ISSS will contact you if edits to your Form I-983 are required.
5. ISSS will issue an OPT STEM Extension I-20 to you to include with your OPT STEM Extension materials.
   1. Please note that ISSS only recommends that the application be approved; the final decision is made by USCIS.
   2. Be sure to sign the I-20 issued by ISSS and include a copy of the fully signed I-20 with your OPT STEM Extension application materials.
6. You will prepare the rest of the OPT STEM Extension application materials and mail it to the appropriate USCIS lockbox in a timely manner.
OPT STEM Extension I-20 Request Process

The following documents must be submitted to USCIS with your OPT STEM Extension application:

- Application Fee ($410)
- Original and complete Form I-765 signed by hand in black ink (must be an original signature!)
- Copy of current I-94
- Clear, color copy of your passport biodata page
- Clear, color copy of your visa or I-797 Approval Notice (if applicable)
- Copy of page 1 and 2 of the I-20 recommending the OPT STEM Extension signed by ISSS and by the student
- Post-completion OPT employment history documentation (I-20s)
- Passport photos
- Copy of diploma
- G-1145: E-Notification of Application Acceptance (optional)

Credit Card Payment: Include the Form G-1450 to authorize a credit card payment.

Personal Check/Money Order - Payable to “U.S. Department of Homeland Security”

- If you don’t have a U.S. checking account, you can purchase a money order from a bank or a local grocery store
- Be sure to sign and date the front of the check; Do NOT sign the back of the check
- On the “memo” line, write “OPT: Your I-94 Number” (Example: OPT: 123456789)
- If you do not have sufficient funds, your application will be denied!
Submitting Your Application to USCIS

Review the ISSS Mailing Instructions

Two Options:

1) Mail your complete application to the Appropriate USCIS Lock Box/Service Center

2) E-file your application on the USCIS website by creating a USCIS online user account. Your receipt number and receipt notice will be issued immediately in your USCIS account.

• All OPT applications must be received by USCIS within 30 days of the date the
Updating Your Delivery Address

If you move from or are no longer receiving mail at the address you entered in item 5 of the I-765, and have not yet obtained your Employment Authorization Document (EAD Card):

• You must update your address information in the USCIS Online Change of Address System

• Questions regarding the address change should be directed to the National Customer Service Center (NCSC) at 1-800-375-5283
  • Have your receipt notice number ready when contacting the NCSC
USCIS Case Inquiries & Status Requests

In addition to the National Customer Service Center phone line, 800-375-5283, USCIS offers several online tools.

• Check your case status online
• Get automatic updates about your case
• Submit an online case inquiry or service request
• Get a tracking number and register for Informed Delivery through USPS to get previews of the mail in transit
USCIS Process

USCIS will send a Receipt Notice (Form I-797C) to the address indicated on the I-765 typically within 2-4 weeks of receiving your application.

- Check the information on the receipt to ensure that it is correct
- If your name or birthdate is incorrect, call the National Customer Service Center to report this

Checking the Status of your I-765 OPT Application:
- Access the USCIS Case Status Search Page

Enter your application receipt number e.g., YSC1234567890
USCIS Process

Your USCIS case status will likely remain in initial review up until card production or a Request for Evidence (RFE) is made.

• You can **sign-up for a USCIS account** to view case updates
USCIS Receipt Notice Delays

• Due to the COVID-19 pandemic and other factors, USCIS is experiencing delays in issuing receipt notices for some applications and petitions filed at a USCIS lockbox facility. Individuals who have submitted an application to USCIS, such as an Optional Practical Training (OPT) application, may experience a delay of four to six weeks in receiving your receipt. However, delays can vary among form types and lockbox locations and some may experience significant delays.

• If filing online, you will receive your receipt notice and receipt number immediately in your USCIS account.
OPT work authorization is granted in the form of an Employment Authorization Document (EAD).

Dates of employment authorization
You CANNOT work outside of these dates
The OPT STEM Extension Reporting Requirements

I-983:
- Every new OPT STEM Extension employment opportunity must be supported by a fully completed Form I-983.
  - This means if you change to a different E-verify employer while on STEM OPT, a new I-983 must be submitted to ISSS.

If your employer or job opportunity has a material change or deviation to your training plan, then a new I-983 training plan must be submitted to ISSS. Material changes or deviations may include, but are not limited to:
- Any change of the employer’s Employer Identification Number, (i.e., the company’s Federal Tax ID number) resulting from a change in the employer’s ownership or structure.
- Any reduction in student compensation that is not tied to a reduction in hours worked.
- Any significant decrease in hours per week that a student engages in a STEM training opportunity.
- Changes to the employer’s commitments or student’s learning objectives as documented on the Form I-983.
STEM OPT Self-Evaluation

The 6-month STEM Extension Validation requirement
• You'll receive an email from ISSS asking you to confirm your address and employment information. ISSS will then submit an OPT validation report in SEVIS.

The 12-month self-evaluation requirement (the top half of page 5 of the I-983)
• Must be submitted to ISSS after working for 12 months at your employer.

The Final self-evaluation requirement (the bottom half of page 5 of the I-983)
• Must be submitted to ISSS after working for 24 months at your employer OR when you have finished working at your employer.
• For example: if you only work for an employer for 3 months, the final evaluation is due within 10 days of termination of employment.
• For example: if you work at an employer for the entire OPT STEM Extension 24-month period, then the final evaluation is due within 10 days of the end of the OPT STEM Extension Period.
• ISSS recommends that students who have been approved for a change of status to H-1B submit their final evaluation prior to their H-1B start date.
Other Reporting Requirements

While on OPT, you are still in F-1 status and required to report certain changes with 10 days of the change.

• **Reporting Changes of Address and Telephone Information:**
  - Access the [SEVP portal](#) and update your information
    - For alumni purposes, you can update your address in your Buff Portal and with the [Alumni Association](#)

• **Reporting Changes of Employer Information, Name, Citizenship, and Email:**
  - *Employment, Name, and Citizenship Updates:* Submit the [OPT Information Update Form](#) electronically to ISSS.
    - *Employment Updates:* You will be required to upload an [I-983 Training Plan](#)
  - *Email Address Updates:* Please email [ISSS](#).
Unemployment while on the OPT STEM Extension

• Students can accrue up to 150 days of unemployment for the duration of their 36 months of OPT.
  • 90 days on post-completion OPT and an additional 60 days on STEM OPT.
• Students must report change of employment, including loss of employment within 10 days of the change.
• OPT STEM Extension employers must notify ISSS within 5 days of the termination of employment.
• An OPT STEM Extension self-evaluation is due at the end of each OPT STEM Extension employment opportunity.
OPT STEM Extension Employer/Employment

While on STEM OPT, you and your employer both have reporting requirements. Please familiarize yourself with the materials below and reach out to ISSS if you ever have questions about your responsibility.

- DHS Guidance regarding staffing or temporary agencies
- Do not work in the Marijuana(Cannabis) related activities and industries
- DHS' STEM OPT Hub
- USCIS OPT Extension for STEM Students
- STEM OPT Reporting Requirements Handout (Study in the States)

It's important to remember that all STEM OPT Extension employment must be reported in SEVIS and must be with an E-Verify employer.
Changing OPT STEM Extension Employers

- Report the end date of your current employment to ISSS. You can do this by accessing the SEVP portal and updating your current employment with the new employment end date.

- Your current employer is required to report the termination of employment within 5 business days to ISSS. For more information about this reporting requirement, please visit the Study in the States STEM OPT HUB – Employers: STEM OPT Reporting Requirements.

- You must complete the Form I-983 final evaluation for your employment with your current employer. This final evaluation must be completed by you and signed by your supervisor. The final evaluation requirement is explained on the Study in the States STEM OPT HUB – Students and the Form I-983. You do not have to complete a brand new form I-983, just the final evaluation found on page 5. You can submit the final evaluation to ISSS via the ISSS Document Submission Form.

- In order to report the new employment, you will need to complete the ISSS OPT Information Update Form (name, address, citizenship, and employment). You will also need to upload a copy of the new completed and signed Form I-983 Training Plan for your new OPT STEM Extension employment.

Travel Considerations for STEM OPT

Review the ISSS Travel Handout and ISSS Travel FAQ Handout.

A temporary absence for the U.S. should be less than 5 months.

• Even with a job offer and valid EAD, an absence greater than 5 months may not be considered temporary and you could be denied re-entry to the U.S.

• If you seek a renewal of your F-1 visa during your STEM OPT authorization, you must:
  • Present your STEM OPT I-20 signed within the last 6 months, passport, valid EAD, official job offer letter, SEVIS fee receipt, and financial support documents.
  • Prove your eligibility for F-1 non-immigrant status and that you do not have immigrant intent.

Do NOT leave the U.S. if you have a change of status application pending as it will likely be considered abandoned. ISSS advises students to consult an immigration attorney prior to leaving the U.S. if they have filed for a change of status.

While in the U.S. or abroad, stay up to date with the latest immigration alerts on our website.
Applying for the OPT STEM Extension can be a complicated process.
