HELP  
US  
GET  
EVERYONE  
INVOLVED  
SWABBED  
CURED

**Gift of Life** is one of the nation's public bone marrow and blood stem cell registries. Through its life-saving work, Gift of Life is a world leader facilitating transplants for children and adults suffering from many life-threatening diseases, among them leukemia and lymphoma.

**The Campus Ambassador Program** enlists college students for a paid internship to run cheek swab drives on their campuses and within their cities to give recipients a second chance at life. Thanks to this program, drives are being run on campuses all over the country by the people who know them best: the students

**Basic Requirements:**

- Full-Time student at a 4-year college for the Spring 2018 semester
- Commit 10 hours per week
- Involved in at least one on-campus organization

**The Campus Ambassador Program teaches students to:**

- Organize both private and public events on campus and in your college community
- Mobilize, manage, and motivate volunteers from a variety of organizations for a worthwhile cause
- Educate yourself and others on the science behind bone marrow and stem cell donation
- Advertise your campus drives with personalized marketing materials unique to your school
- Advocate by publicly presenting your program in front of groups both large and small - be they peers or professors
- Fundraise and create your own program budget based on what you're able to bring in
- Follow up with fellow students, organizations, and faculty to build ongoing relationships

**Specific responsibilities include:**

- Weekly check-ins with a Program Manager
- Swabbing students into the Gift of Life Registry
- Fundraising
- Bi-monthly webinars designed for continuing education throughout the semester

**Check out the CAP website and apply [here!](#)**
