

COMMUNITY PLANT PROPAGATION DAY

Each participant will propagate their own apple tree and or plant to take home!

APPLE TREE GRAFTING:

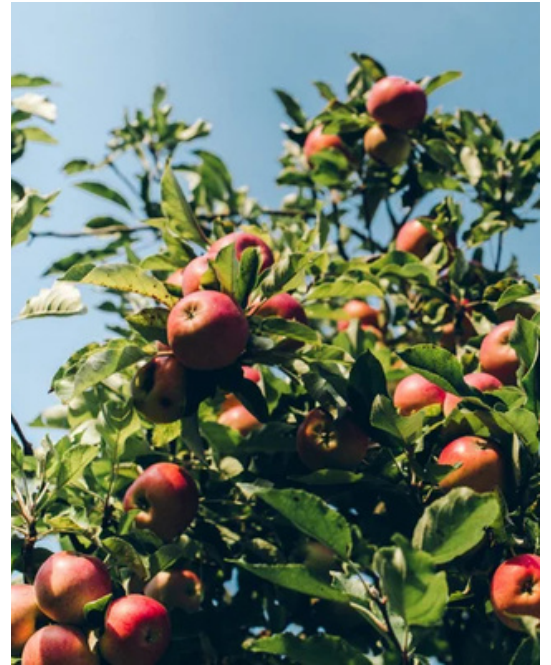

- Learn the cleft grafting method with the Boulder Apple Tree Project.
- Bring your own scion material or use ours
- **\$25 for the first tree you make**

HOUSEPLANT PROPAGATIONS:

- Learn vegetative propagation methods for common houseplants
- Make your own plantlet using our stock material
- **Free, suggested donation \$15**
