5. MANUSCRIPTS SUBMITTED FOR PUBLICATION

- M1. *Legislating the Duty to Act Responsibly: Some Open Questions* (book chapter under review with the University of Toronto Press—6795 words as submitted)

6. PROJECTS IN PROGRESS

The Trouble with AI Sovereignty (draft law review article)

A Human-Centric Approach to Space Cybersecurity (draft chapter in edited volume)

Secure Computing Enclaves (working paper)

Why Do Corporations Respect International Human Rights Law? (working paper)

V. CLINICAL LEGAL TEACHING & PROJECTS

Prepared a model state policy to govern the use of “geofence warrants” by law enforcement on behalf of an international digital policy advocacy organization.

Submitted an amicus brief in the first case in the U.S. to consider whether the outputs of generative AI systems are protected by the First Amendment.

Submitted a petition to the U.S. Federal Communications Commission asking it to revise its approach to using AI in providing accessible telephone services to persons with deafness and hearing loss.

Prepared analyses of draft Pakistani legislation seeking to regulate disinformation and online harms on behalf of a leading local human rights NGO.

Submitted an amicus brief to the Colorado Supreme Court regarding the issuance search warrants for computing devices based on the association of an IP address with criminal activity.

Drafted a report examining global trends in online age verification laws on behalf of a partnership of companies seeking to establish best practices in online trust and safety.

Counselled an organization representing survivors of Canada's residential school system on obtaining government records to identify and memorialize indigenous children who perished at the schools.

Prepared an analysis of risks to human rights posed by the Government of Canada's proposed legislation to regulate harmful content online.

Drafted a report for the intergovernmental Media Freedom Coalition on how technological change is impacting media freedom around the world.

Conducted a review of laws and legislative proposals to regulate online harms in jurisdictions around the world.

Prepared an analysis of the privacy implications of COVID-19 immunity passports.

Prepared an analysis of Canadian, Nigerian, and Ethiopian laws regulating the real-time interception of communications, and law enforcement access to stored digital data.

Prepared a legal analysis of the intermediary liability provisions of the U.S.-Mexico-Canada Agreement (USMCA) in collaboration with the Harvard Law School Cyberlaw Clinic.

Counseled an international human rights NGO in developing its policy positions on several technology and human rights issues.

Supported the United Nations Special Rapporteur on Contemporary Forms of Racism, Racial Discrimination, Xenophobia, and Related Intolerance on the drafting of a thematic report regarding tech-facilitated racial discrimination.

Developed a new framework for assessing the performance of Global Network Initiative (GNI) member-companies in protecting the privacy and free expression rights of their users, following the expansion GNI's expansion to include device manufacturers and telecom network operators.

Advised medical researchers on the privacy-related aspects of using consumer-grade fitness trackers to collect data for a peer-reviewed study.

Advised a law enforcement start-up on how to design its predictive analytics software to respect user privacy and enhance data security.

Prepared an analysis of the constitutionality of various proposed legislative measures to regulate encryption technology in the United States.

Prepared an analysis of the privacy impacts and cybersecurity risks of the U.S. government's use of network investigative techniques (NITs) in domestic criminal investigations.

Prepared an analysis of the privacy impacts of the use of cell site emulators by law enforcement and intelligence agencies in Canada, the United States, and four other countries.

Prepared legal analyses of cybercrime legislation introduced in the Parliaments of several English-speaking nations in the Caribbean and Sub-Saharan Africa.

Advised an international NGO on the privacy and cybersecurity-related impacts of Canada's new intelligence laws.

VI. COURSES TAUGHT

University of Colorado

Samuelson-Glushko Technology Law & Policy Clinic (2023-24, 2024-25, 2025-26)

Special Topics in Law: Technology, Business, & Human Rights (2024-25, 2025-26)

University of Ottawa

Privacy Law (2020-21, 2021-22, 2022-23)

Internship: Samuelson-Glushko Canadian Internet Policy and Public Interest Clinic (2019-20, 2020-21, 2021-22, 2022-23)

Technology, Human Rights, and Cybersecurity (2019-20, 2020-21, 2021-22, 2022-23)

Harvard University

Counseling and Legal Strategy in the Digital Age (2016, 2018)

Cyberlaw Clinic Seminar (2014-17)

University of California, Davis

Counseling and Legal Strategy in the Digital Age (2017)

Business and Human Rights (2018)

VII. LECTURES AND PRESENTATIONS

1. PUBLIC LECTURES

Human Rights and Digital Technologies, University of Colorado "Mini" Law School (Oct. 4, 2023).

Freedom of Expression Across International Frontiers, United Nations Educational, Scientific, and Cultural Organization (UNESCO) (May 10, 2022).

Can You Say That on the Internet? 2022 Innis College Alumni Lecture, University of Toronto (Apr. 21, 2022) (available at <https://youtu.be/wK7B5FZ5f6A>).

Human Rights-Centered Approaches to Artificial Intelligence, Nokia Bell Labs (Feb. 28, 2022).

Digital Technologies and Human Rights: Friends or Foes? Keynote Address to the American Society of International Law's 2020 Midyear Meeting (Oct. 29, 2020).

The Quest to Regulate Big Tech, New England College of Law (Nov. 7, 2019).

Has Technology Made Privacy Obsolete? High Tech Institute, Santa Clara University School of Law (Mar. 18, 2019).

Artificial Intelligence and Human Rights: Risks and Opportunities, University of California, Davis School of Law (Mar. 8, 2019).

Enlisting Artificial Intelligence to Promote Human Rights, Promise Institute for Human Rights, University of California, Los Angeles School of Law (Nov. 8, 2018).

The Future Can Be Bright: Enlisting Artificial Intelligence to Promote Human Rights, Carr Center for Human Rights Policy, Harvard Kennedy School of Government (Oct. 1, 2018).

Can the Law Protect Privacy from Technology? Harvard Law School Alumni Association Open Lecture (May 31, 2018) (available at https://youtu.be/ciDf_UroRuk).

Data Privacy in the Cloud: the Microsoft Ireland Case, University of California, Davis School of Law (Jan. 28, 2018).

Extraterritorial Law and Social Responsibility, Business for Social Responsibility (BSR) Human Rights Working Group, San Francisco, CA (Jul. 14, 2016).

2. WORKSHOPS PRESENTED

The Trouble with AI Sovereignty, University of Colorado Law School Junior Scholars Works-in-Progress Series (Oct. 1, 2025).

The Trouble with AI Sovereignty, 2025 American Society of International Law Midyear Meeting, Case Western Reserve University School of Law (Sep. 26, 2025).

The Internet and the Lost Law of Transit, Networks, Platforms, and Utilities Workshop (Sep. 4, 2025).

Transit, Physical and Digital, 2025 Cybersecurity Law and Policy Scholars Conference, The Ohio State University Moritz College of Law (Apr. 4, 2025).

Transit, Physical and Digital, 2025 Internet Law Works-in-Progress Conference, Santa Clara University School of Law (Mar. 8, 2025).

The AI Supply Chain, Inaugural Emory Global AI & Law Colloquium, Emory Law School (Feb. 7, 2024).

Transit, Physical and Digital, Berkman Klein Center for Internet & Society, Harvard University (Dec. 3, 2024).

Transit, Physical and Digital, University of Colorado Law School Junior Works-in-Progress Series (Sept. 19, 2024).

Constructing Sovereignty 2.0: Lessons for the Internet & Jurisdiction Debate from the Law of the Sea, Law & Technology Scholars Workshop Series (Mar. 6, 2024).

Constructing Sovereignty 2.0: Lessons for the Internet & Jurisdiction Debate from the Law of the Sea, University of Colorado Law School Works-in-Progress Series (Oct. 16, 2023).

Vaccine Passports and Future Pandemics, Borders, Boundaries, Pandemics 2022, Centre for Health Law, Policy, and Ethics, University of Ottawa (Oct. 22, 2022).

Constructing Sovereignty 2.0: Lessons for the Internet & Jurisdiction Debate from the Law of the Sea, Eight International “Four Societies” Conference (organized by the international law societies of Australia and New Zealand, Canada, Japan, and the United States) (Aug. 16, 2022).

With Great (Computing) Power Comes Great (Human Rights) Responsibility, Carr Center for Human Rights Policy, Harvard Kennedy School (Feb. 10, 2022).

Internet Law and the Law of the Sea, University of Ottawa, Faculty of Law, Common Law Series Works-in-Progress Series (Sep. 29, 2021).

The Data Supply Chain, Technology Law Clinicians Works-in-Progress 2021 (June 23, 2021).

Privacy Externalities, Internet Law Works-in-Progress 2020, New York Law School (Mar. 14, 2020—workshop cancelled due to Covid-19).

3. INVITED PRESENTATIONS

Panelist, *Geofence Surveillance as a Challenge to Existing Fourth Amendment Jurisprudence*, 2025 Allen L. Poucher Symposium, University of Florida Law School (Oct. 24, 2025).

Panelist, *Regulating AI Companions for Children*, AI Policy Lab, Georgetown University Law Center (June 10, 2025).

Panelist, *Cross-Border Data Flows and Cybersecurity*, 2025 Ohio State Technology Law Journal Symposium (Apr. 3, 2025).

Moderator, *The Ethics of AI and Privacy*, Daniels Fund Ethics Initiative Collegiate Program at Colorado Law (Apr. 1, 2025).

Moderator, *Debate: Resolved that Children Under 16 Should be Banned from the Internet*, 2025 Silicon Flatirons Center Flagship Conference, University of Colorado Boulder (Feb. 2, 2024).

Moderator, *Participatory Access and Governance*, Feminist Cyberlaw Symposium, Silicon Flatirons Center, University of Colorado Law School (Nov. 8, 2024).

Panelist, *The Legal Ethics of Generative Artificial Intelligence*, 2024 Baum Chair of Ethics in the Professions Symposium, Drake Law School (Oct. 18, 2024).

Panelist, *Politics & Pizza—Digital Information in Politics*, Department of Political Science, University of Colorado Boulder (Oct. 14, 2024).

Panelist, *AI and the Interpretation of the U.S. Constitution and Other Legal Documents*, 2024 Rothberger Conference: AI and the Law, University of Colorado Law School (Apr. 19, 2024).

Panelist, *Canada’s New Online Harms Legislation*, Centre for Media, Technology & Democracy, McGill University (Mar. 1, 2024), <https://www.youtube.com/watch?v=SOBJUDsew2U>.

Panelist, *Artificial Intelligence and the 2024 Elections*, American Association for the Advancement of Science 2024 Annual Meeting, Denver, CO (Feb. 17, 2024).

Panelist, *International Human Rights Issues Arising from Data Localization*, Santa Clara High Tech Law & International Law Journals Joint Symposium, Santa Clara University School of Law (Feb. 9, 2024).

Moderator, *Competition Policy, Networks, and Large Language Models*, Global Fractures in Technology Policy—2024 Silicon Flatirons Center Flagship Conference, University of Colorado Boulder (Feb. 4, 2024).

Panelist, *Tackling Harmful Content Online: Developing Effective Policy and Regulatory Solutions*, International Institute of Communications 53rd Annual Conference, Ottawa, Ontario (Nov. 3, 2022).

Panelist, *Perspectives on Societal Aspects and Impacts of Quantum Technologies*, Institute of Physics (Nov. 1, 2022).

Panelist, *Disinformation: Challenges and Dangers to Democracy*, International Commission of Jurists—Canada (June 22, 2022).

Panelist, *Regulating Online Speech*, Canadian Media Law Association (June 3, 2022).

Discussant—David Sloss, *Tyrants on Twitter: Protecting Democracies from Information Warfare*, Centre for Law, Technology and Society (CLTS), University of Ottawa (Apr. 13, 2022).

Panelist, *Business, Ethics, and the Professions*, Sloan School of Business, Massachusetts Institute of Technology (Apr. 6, 2022).

Panelist, *Regulating the Internet Ten Years after the SOPA/PIPA Black-out*, Institute for Technology Law and Policy, Georgetown University (Jan. 18, 2022).
