Your journey starts here.
“Law school is where you discover your passions and learn through critical thinking, constant testing of assumptions, search of knowledge, listening, and the lively exchange of ideas. I invite you to come make a difference with us.”

Dean S. James Anaya
University Distinguished Professor
With our roots in Colorado and a global outlook, we are advancing knowledge about the law.

## First-year Courses

**Fall**
- Civil Procedure
- Contracts
- Legal Writing I
- Legislation and Regulation
- Torts

**Spring**
- Constitutional Law
- Criminal Law
- Legal Writing II
- Property

### 1L Electives Offered
- Accounting Boot Camp
- Courtroom Observation: Criminal
- Entrepreneurship Innovation and Public Policy
- Environmental and Climate Justice Framing and Legal Narrative
- Foundations of Legal Research
- Legal Analysis
- Legal Ethics, Professionalism, and Creative Problem Solving

### 2L/3L Required Courses
- Evidence
- Legal Ethics and Professionalism

## Elective Courses

**NOTE:** Not all courses are offered each year. This is a composite list of the last three years of course offerings and new course approvals.

### American Indian Law
- American Indian Law I
- American Indian Law II
- American Indian Law Clinic
- Cultural Property
- Seminar: Advanced Topics in American Indian Law

### Business Law
- Accounting Boot Camp
- Accounting Issues for Lawyers
- Advanced Transactional Drafting
- Agency, Partnership, and the LLC
- Antitrust
- Bankruptcy
- Business Associations
- Business Planning
- Business and Human Rights Compliance
- Construction Law
- Corporations
- Deals
- Deals Lab: Mergers and Acquisitions
- Deals Lab: Securities
- Entrepreneurial Law Clinic
- Entrepreneurship Innovation and Public Policy
- Ethical Organizations and Professionals
- Ethics Compliance Capstone
- Insurance Law
- Law & Mathematics
- Law Practice Management
- Law and Economics of Utility Regulation
- Mergers and Acquisitions
- Regulation of Financial Institutions
- Secured Transactions
- Securities Regulation

### Seminar: Advanced Corporate Law
- Seminar: Counseling Families in Business
- Sports Law
- Transactional Drafting
- Venture Capital and Private Equity

### Criminal Law
- Capital Punishment in America
- Computer Crime
- Criminal Defense Clinic
- Criminal Defense and Immigration Clinic
- Criminal Procedure: Adjudicative Process
- Criminal Procedure: Investigative Phase
- Domestic Violence
- Jury Selection and History
- Juvenile Justice
- Post-Conviction Criminal Procedure
- Prosecutor’s Role in Criminal Justice
- Seminar: Advanced Criminal Justice
- Seminar: Criminal Law in Context
- Seminar: Gender and Criminal Justice
- Seminar: Theory of Punishment
- White Collar Crime
- Wrongful Conviction

### Family and Juvenile Law
- Domestic Violence
- Elder Law
- Family Law
- Juvenile and Family Law Clinic
- Juvenile Justice
- Parent, Child, and State
- Seminar: Comparative Family Law
- Seminar: Counseling Families in Business

### Health Law
- Bioethics and Law
- Corporate Transactions in Health Law
- Health Care Compliance
- Health Law and Policy:
  - Access, Cost, Quality, Choice
- Health Law II:
  - Medical Malpractice Litigation
- Public Health Law and Ethics
Intellectual Property, Technology, and Telecommunications

Seminar: Critical Law and Economics

Careers are our focus from day one.

You’ll be prepared to serve wisely and with professionalism.

During your time in law school, the career advisors in Colorado Law’s Career Development Office will get to know you and your career goals, encourage you to take an intentional and creative approach to planning your career, and give you the tools to succeed.

Our commitment to helping you excel in your professional endeavors begins with individual meetings during your first semester of law school to get to know you, learn about your career goals, and plan the next steps to your 1L summer job. Our focus is for each student to obtain at least four high-quality work experiences while in law school. In summer 2018, 97% of the Class of 2020 and 95% of the Class of 2019 worked in substantive legal or law-related jobs.

We will connect you with employers during the academic year and the summer, and we maintain close ties with a variety of employers and work with them individually to find students and graduates who will be a good fit. Events such as the JD Pathways career conference and career speaker series will help you build a network of contacts and explore practice areas.

colorado.edu/law/careers

Employers recognize the value of a Colorado Law education, and it shows in our employment outcomes.

Class of 2018 employment*

94% of graduates reported employment (#36 nationally)

85% of graduates employed in a full-time, long-term, non-school-funded job for which bar passage was required or a JD degree was an advantage.

80% of graduates employed in a full-time, long-term, non-school-funded job for which bar passage was required.

*All statistics reflect employment 10 months after graduation (March 15, 2019).
Your Colorado Law degree opens the door to a vast alumni network.

As a Colorado Law graduate, you will join a global network of 8,000 alumni across all 50 states, 32 countries, and six continents.
Alumni events

Primary residence of at least one Colorado Law graduate
Be your whole self in law school.

When they are not learning the law, Colorado Law students take advantage of our location in one of the most beautiful places in the U.S. From hiking the Flatirons to strolling the historic Pearl Street Mall, visiting the restaurants and craft breweries of “America’s Foodiest Town,” and enjoying 300+ days of sunshine a year, there are plenty of opportunities to create a healthy work-life balance during law school.

#10 highest well-being community
(Gallup, 2017)

#1 brain concentrated area
(Bloomberg, 2018)

#1 college town in America
(American Institute for Economic Research, 2018)

#6 Best Quality of Life
(Princeton Review, 2018)
Thriving startup community, with Colorado’s tech ecosystem consistently ranked as one of the strongest between the coasts.
Adventure awaits.

Explore opportunities in nearby Denver . . .

Just 35 minutes from campus, Denver is a top employment market for new lawyers. About 57 percent of our alumni live and work in the metro area.
and off the beaten path.

Enjoy the best of both worlds: the convenience of the city with world-class outdoor recreation right in your backyard.

1 mile walk from the law school to Chautauqua Park, the starting point for dozens of hiking trails.

1 hour from Boulder is the stunning Rocky Mountain National Park.

27 ski areas in Colorado. Our local ski spot, Eldora Mountain Resort, is just 35 minutes from campus.
Challenge yourself in a friendly and cooperative environment.

Academic Areas of Excellence

**American Indian Law**  
As one of the nation’s leaders in tribal law and policy, Colorado Law’s American Indian law program is the region’s convening institution for tribal leaders, advocates, scholars, and community members to address the most pressing challenges in American Indian law and policy. Our program will prepare you for all aspects of Indian law practice, whether you are interested in working in tribal governments, federal agencies, or law firms.

**Entrepreneurial and Business Law**  
Boulder is recognized internationally as an entrepreneurial powerhouse, and Colorado Law is at the heart of this community. Whether you want to practice mergers and acquisitions at a traditional large law firm, work at the SEC, counsel a startup through a venture capital transaction, or launch your own venture, Colorado Law provides you the skills and expertise to help you succeed.

**Juvenile and Family Law**  
Colorado Law’s juvenile and family law program covers a broad range of practice areas that connect students to specialized learning opportunities and real-world experiences in this field through in-depth courses, research projects, externships, and clinical services that provide free legal help to low-income Colorado residents.

**Natural Resources, Energy, and Environmental Law**  
Ranked consistently among the best in the nation, Colorado Law’s natural resources, energy, and the environment program is one of the strongest and most in-depth programs of its kind. Faculty members are national leaders deeply committed to creative teaching with a long-standing reputation for innovative work on water resources, climate change, and energy. Being at the base of the Rocky Mountains, you will directly interact with and explore the places, issues, and communities you will study.

**Public Service Law**  
Public service law is central to our culture and academic offerings. Public service, both during and after law school, can involve any of a broad range of substantive areas, including civil rights law, veterans’ affairs, criminal law, consumer law, education law, environmental law, juvenile and family law, health law and policy, and immigration law, among others.

**Technology and Intellectual Property Law**  
Colorado Law is at the forefront of technology and intellectual property law. Whether you are interested in litigation, transactional work, or policy concerns, Colorado Law has one of the most comprehensive legal programs in the nation for those interested in exploring the frontiers of entrepreneurial law, technology policy, and intellectual property.

Areas of Study Spotlight

Natural Resources, Energy, and Environmental Law

Tackle today’s most pressing issues in water, climate, and energy law.

For over half a century, Colorado Law has set the gold standard for natural resources, energy, and environmental law. Our commitment to teaching and research in these areas complements the school’s physical location in the Rocky Mountain West—a region defined by its vast natural resources, public lands and parks, and many American Indian reservations.

Our innovative environmental and natural resources curriculum, with broad-based courses, specialized seminars, and hands-on practicum opportunities, provides you with the key range of competencies needed to become a multidisciplinary practitioner. We help prepare you for a successful career, from private practice to public service, and train you to be ready for a world of constant change.

“Our students learn about the people and visit the places that gave rise to water, energy, and environmental law. They might litigate about these issues in the Natural Resources and Environmental Law Clinic. They might hike through Canyonlands National Park to study conflicts over road construction on public lands in the Advanced Natural Resources seminar. They might raft the Colorado River through the Grand Canyon, meeting Havasupai and Navajo tribal leaders along the way, in the Law of the River course. These experiences and more are what Colorado Law offers our students.”

Technology and Intellectual Property Law

The foundation you need to practice law in the information age.

Colorado Law provides one of the leading legal programs for information technology law and policy in the nation. Through comprehensive class offerings; hands-on clinical programs; a prestigious technology law journal; extensive internship opportunities in Colorado, Washington, D.C., and across the nation; and access to our Silicon Flatirons Center for Law, Technology, and Entrepreneurship, students and alumni interested in technology and IP are supported during law school and throughout their careers.

Our location in the Denver-Boulder metro area is the heart of one of the nation’s premier telecommunications and technology hubs. Colorado Law also benefits from a substantial network of alumni and supporters across the nation—from Silicon Valley to Washington, D.C., and everywhere in between.

Entrepreneurial and Business Law

Join an epicenter of innovation and entrepreneurship.

Beginning in your first year at Colorado Law, you will take advantage of a robust set of business offerings within and outside of the classroom. You will participate in transactional law and entrepreneurship competitions, learn to create value for clients in classes like Negotiations and Venture Capital, make investment decisions in early-stage startups through the student-run Deming Center Venture Fund, draft agreements for startup clients in the Entrepreneurial Law Clinic, and join a community of professionals leading the future of law, policy, and technology through our Silicon Flatirons Center for Law, Technology, and Entrepreneurship. We will help you to be ready on the first day of practice while also giving you the tools to solve problems creatively for clients over the length of your career.

Strengthen your student experience through involvement with our research centers.

Getches-Wilkinson Center for Natural Resources, Energy, and the Environment
Founded in 1983, the Getches-Wilkinson Center for Natural Resources, Energy, and the Environment is the oldest and preeminent law school institute in the country dedicated to natural resources law. The center works on diverse and increasingly interwoven topics, including environmental justice, climate change, public lands management, energy development, the governance of the Colorado River, and tribal resource management.

colorado.edu/law/gwc

Silicon Flatirons Center for Law, Technology, and Entrepreneurship
Silicon Flatirons is an interdisciplinary research center that provides unique opportunities for students to interact with high-level attorneys, entrepreneurs, policymakers, and professionals at the intersection of law, policy, and technology.

In addition to hosting more than 100 conferences and events annually, Silicon Flatirons offers specialized internship programs in Colorado; Washington, D.C; the Bay Area; and elsewhere for students interested in careers in technology or startups. Students accepted into these programs gain a competitive edge with real-world experience.

siliconflatirons.org

Byron R. White Center for the Study of American Constitutional Law
As the cornerstone of our public service program, the White Center supports legal scholarship, expands constitutional literacy, and offers educational programming to Colorado’s public schools and teachers through community outreach. The center serves as a hub for engaging law students, judges, high school students, public school teachers, scholars, and interested citizens in our nation’s constitutional conversation.

colorado.edu/law/whitecenter
Corian Zacher ('20), a participant in the Governmental Entrepreneurial Leadership Accelerator, pitches her team's solution to a pressing public policy challenge before a panel of judges, including former Colorado Lt. Gov. Donna Lynne and Denver Mayor Michael B. Hancock.
Unmatched opportunities to learn beyond the classroom.

Daniels Fund Ethics Initiative at Colorado Law
Through a range of programming, including networking events, speaker series, case competitions, and new courses and curricula, the Daniels Fund Ethics Initiative allows Colorado Law to make ethics and professionalism a central part of every law student’s education. By building these skills in law school, you’ll be able to seamlessly enter the working world and add value immediately.

D.C. Summer Program
Every year, Silicon Flatirons provides placement assistance for students interested in technology and communications issues to work in Washington, D.C., for the summer. Participating organizations include the Federal Communications Commission, Federal Trade Commission, National Emergency Number Association, Information Technology and Innovation Foundation, Public Knowledge, Common Cause, Verizon, AT&T, and Disney. The Hatfield Scholars Program, which runs parallel to the D.C. Summer Program, provides grants for summer internships in government or public interest positions.

Governmental Entrepreneurial Leadership Accelerator (GELA)
This first-of-its-kind program supports governments to encourage innovative problem solving to public policy challenges. The accelerator brings together employees from the city and county of Denver, city of Boulder, and state of Colorado with Colorado Law students. Following a boot camp that develops basic entrepreneurial approaches to problem solving, Colorado Law students work with government leaders to propose an innovative, yet tangible, solution to the identified challenge facing state and local governments. The accelerator concludes with Pitch Night, where fellows present their solutions to government officials in an engaging community event.

Institute for the Future of Law Practice (IFLP)
As the practice of law increasingly relies on interdisciplinary skills, IFLP provides real-world business and technology experiences that complement traditional law school curricula. The program kicks off in May with an intensive three-week boot camp conducted by industry leaders, followed by a paid internship with corporate legal departments, law firms, legal tech companies, and unpaid internships with public service organizations in Colorado, Silicon Valley, and elsewhere.

Korey Wise Innocence Project
The Korey Wise Innocence Project gives students the unique opportunity to assist people who believe they have been convicted despite being innocent of any offense. Colorado Law students evaluate these claims to see if there are factual and legal grounds to return to court and work with volunteer attorneys to further investigate cases.
Rep. Joe Neguse ('09)
Elected in November 2018 to represent Colorado’s 2nd Congressional District in the U.S. Congress, Neguse is Colorado’s first African-American congressman, one of only a few first-generation Americans to serve in Congress, and one of the youngest members of Congress in the nation.
Serving our community is at our core.

As a public institution, public service is central to our culture.

Loan Repayment Assistance Program (LRAP)
LRAP provides partial loan repayment awards to graduates who choose qualifying public interest work. In 2018, 54 graduates received awards of $5,500 each to help pay down their student loans.

Public Service Pledge
Incoming law students may volunteer to pledge to complete at least 50 hours of law-related public service during their time in law school. The Class of 2019 volunteered a total of 6,492 hours of public service.

Public Service Fellowships
Public service fellowship opportunities allow students and recent graduates to gain valuable work experience without the burden of additional financial hardship. Last year, fellowship recipients worked at the Equal Employment Opportunity Commission, the Department of Health and Human Services, the United Nations International Law Commission, the American Civil Liberties Union (ACLU) of Colorado, public defenders’ offices, and elsewhere.

Service opportunities
Begin making an impact your 1L year.

Acequia Project
The Acequia Project is a joint effort by the Getches-Wilkinson Center, Colorado Open Lands, and the Sangre de Cristo Acequia Association to provide low- or no-cost legal representation and educational materials to acequias, traditional Hispanic irrigation communities, in southern Colorado.

Maya Land Rights and Development Project
Law students work with Belizean indigenous organizations to help secure Maya customary land tenure and promote sustainable economic development opportunities for Maya communities.

Immigration and Citizenship Law Program
The program connects students interested in immigration law and policy with lawyers in the community who are involved in outreach, litigation, and policy work for externship opportunities and pro bono projects serving immigrants.
Gain hands-on experience.
No matter your area of interest, there’s a legal clinic to help you hone your skills.

Since 1948, Colorado Law’s clinical education program has prepared students with unparalleled opportunities to practice law with actual clients. Each year about 110 students serve 400–500 clients on real cases or projects. Every Colorado Law student may take a clinic.

American Indian Law Clinic
At one of the first American Indian law clinics in the nation, students gain faculty-supervised experience providing legal assistance in a variety of matters, including tribal sovereignty, child welfare, preservation of tribal identity, employment discrimination, public benefits, preservation of Native lands, and more.

Civil Practice Clinic
Students represent low-income clients in family law, Social Security disability, and immigration asylum cases. The clinic also focuses on employment law, with students representing low-income wage workers and employees who have been the victims of discrimination, among others.

Criminal Defense Clinic
In the first criminal defense clinic in the nation, students learn basic criminal practice skills and represent clients in actual cases, from beginning to end, in municipal and county courts in Boulder County.

Criminal/Immigration Defense Clinic
Students represent noncitizen clients in both criminal and immigration court, including applicants for Deferred Action for Childhood Arrivals (DACA).

Entrepreneurial Law Clinic
Students work with local entrepreneurs, providing transactional legal services for the formation and development of small businesses in Colorado.

Juvenile and Family Law Clinic
Students handle a full range of legal matters related to youth and families, including representing low-income clients in public actions, such as child welfare and juvenile justice cases, or private actions, such as divorce and child custody matters.

Getches-Green Natural Resources and Environmental Law Clinic
Students represent public interest clients in environmental litigation related to federal public land protection. Students learn about expert testimony and witness preparation, analysis of detailed scientific and environmental data, and submission of complex legal briefs.

Samuelson-Glushko Technology Law and Policy Clinic
Students advocate in the public interest concerning technology issues in front of regulatory entities, courts, legislatures, and standard-setting bodies.

Sustainable Community Development Clinic
Students engage in economic development projects, both on behalf of clients and on behalf of the public interest, with a goal of increasing social justice and social enterprise in a range of substantive areas, including land use, housing, local food, and healthy communities.
Learn by doing.

Experiential education includes lawyering activities outside the classroom—clinics, externships, appellate and trial competitions, and voluntary public service work—as well as experientially oriented classroom learning. Colorado Law’s Experiential Learning Program provides students with a well-rounded learning experience.

Competitions
Colorado Law students compete in more than 20 appellate, trial level, and transactional competitions each year across the country and internationally. Recent competitions include the American Bar Association’s National Appellate Advocacy Competition, the American College of Trial Lawyers National Trial Competition, The Closer National Transactional Law Competition, and the Philip C. Jessup International Law Moot Court Competition.

Externships
The externship program gives students critical experiential learning opportunities by performing substantive legal work for judges, government officials, public interest institutions, and nonprofits. With approximately 160 placements each year and over 25,000 hours of cumulative work locally and nationwide, students acquire academic credit in addition to invaluable experience for future careers.

Student-led Journals

University of Colorado Law Review
The flagship academic journal at Colorado Law since 1929, the University of Colorado Law Review publishes four times per year on general topics of legal importance.

Colorado Natural Resources, Energy & Environmental Law Review
Published since 1989, the journal provides a forum for the most pressing issues related to natural resources, energy, and environmental law and policy on local, regional, and global scales.

Colorado Technology Law Journal (CTLJ)
Founded in 2001, the CTLJ has since established a position among the elite national technology and telecommunications law journals.

Join our community.

JD Admission Standards
Above all, Colorado Law values leadership, character, diversity, and commitment to service in its students. The small size of the student body—about 170 in each entering class—and the large number of applicants requires a very selective admissions process. Admissions decisions are based on many factors, including undergraduate grade-point average (GPA) and the Law School Admission Test (LSAT) score, as well as other indicators of ability, motivation, and achievement.

JD Application Process
The Admissions Committee considers applications beginning in October. Applicants are notified of decisions on a rolling basis from October until the class is filled, usually in May. Admission from the waitlist, which is not ranked, can occur as late as August, and the number of offers varies from year to year. Find complete application instructions at lsac.org and colorado.edu/law/admissions.

International Students
International applicants have additional requirements as explained on our website, including transcripts showing completion of the equivalent of an American bachelor’s degree, foreign degree verification, and transcript translation, if applicable. The TOEFL is required of all students whose native language is not English, as a thorough and excellent command of written and spoken English is crucial to success in law school. After admission, international students must submit a financial affidavit stating that they have the financial resources to support themselves while attending school in the United States, because Colorado Law cannot offer loan assistance to international students. All admitted international students are considered for merit-based scholarships.

Transfer Students
Students who have completed at least one full year of JD study (approximately 30 semester credits) at a law school accredited by the American Bar Association may apply for fall transfer admission to Colorado Law. The number of transfer students admitted varies each year, and only those who have done very well in their law studies elsewhere have a substantial chance of admission.

Visiting Students
Colorado Law admits a very limited number of students who are receiving their law degree from another law school to study here for the fall or spring semester.

Admission as a visiting student is available to applicants who have completed one or two years of high-quality work at another law school and have demonstrated a compelling need to attend Colorado Law. Financial aid for visiting students is usually handled by a consortium agreement between Colorado Law and the degree-granting institution.

Master of Studies and LLM
The Admissions Committee will review applications on a rolling basis. Applicants will be notified via email of the committee’s decisions. Please submit all materials directly to the Colorado Law Admissions Office. Find complete application instructions at colorado.edu/law/msl and colorado.edu/law/llm.
Financial Aid
All admission decisions are made without regard to students’ financial need. Every attempt is made to provide full financial assistance through federal and private educational loans, grants, work study, and scholarships. Students applying for financial aid, private law scholarships, or grants based on financial need must complete the Free Application for Federal Student Aid (FAFSA, fafsa.ed.gov) as soon as possible after January 1. Eligible students are awarded Federal Direct Unsubsidized Stafford Loan aid up to a maximum of $20,500 per year. Graduate PLUS loans are available to students when financial need exceeds Stafford loan limits, up to the cost of attendance. Graduate PLUS loans are federally guaranteed, but, unlike Stafford loans, they have good-credit requirements for borrowers. Private alternative law loan programs have interest rates and fees that vary according to the lender, the credit rating of the student, and whether there is a co-signer. Both loan fees and interest rates may be higher than those of the Stafford loans, and there is no cap on interest rates. Additionally, private loan aid is not eligible for any of the federal repayment or forgiveness programs.

Scholarships, Fellowships, and Awards
All admitted first-year JD students are automatically considered for scholarships, as recipients are selected by the Admissions and Financial Aid Committee after an offer of admission has been made. Scholarships may be awarded through August. Colorado Law also offers scholarship money to second-year and third-year students each spring. More than 100 scholarships, fellowships, and awards are given annually based on academic and financial considerations. These scholarships are awarded based on multiple criteria, such as service to the law school, economic need, and demonstration of assistance in advancing the diversity of the student body.

Family Educational Rights and Privacy Act
The Family Educational Rights and Privacy Act (FERPA) affords certain rights with respect to a student’s education records. Copies of the policy are available in the Wise Law Library and the Rules of the Law School on the website.
