- 1) Introductions & Future Meetings
 - a. Reading of the Ninth Amendment
 - b. CSU-Pueblo (July 27: start time 1pm!)
 - i. Lunch before
 - c. Future Meetings (CU Boulder, Regis, others?)
 - i. Colorado State Publications - Talking Book library. Can do Sept 14th or 21st?
 1. Maybe ask someone to talk about the Marrakesh Treaty and its impact on the talking book library?
 - ii. CU has a budget for food and parking. Oct 26th?
 - iii. Regis: Dec. 7th
 - d. Cake!
- 2) News and Updates from GPO (Kate)
 - a. [Tapella Appointment](#) & [H.R. 5305](#) status and GPO
 - i. **Tapella** former public printer
 1. Instrumental in title 44
 2. Some controversy in the past
 3. ARL and ALA might be working on commentary about the appointment
 - ii. HR 5305
 1. Introduced in to the House and referred to the House Committee on Administration
 2. Basically in limbo for now
 - b. New coordinators: David Schaffter (USAF Library) & Jen Leffler (UNC) (4 new coordinators in the past year)
 - c. Briefly looked over Nesis Uni (New interface Lexus Nexis)
- 3) Shared Trust Program (Karen)
 - a. This is retention/preservation agreement through the Colorado Alliance. This had been done with regular monographs, but now Mines is experimenting with doing it for Gov Docs. They are focusing on strong local collections.
 - b. The contract lasts for 25 years, and you do not have to commit the entire collection
 - c. Makes collection more visible
 - d. Now Mines is investigating becoming a Preservation Steward for the same collection
- 4) Demo's
 - a. CQ Press U.S. Political Stats & PRS Researchers Dataset (Kate)
 - i. PRS good for poli sci, international affairs, etc.
 1. Used to just be a spreadsheet in a lib guide. Now it's an online interface. People who need it know exactly what it's called. So if you receive a

question asking for PRS, country risk data sets, or Country data Online, contact CU Boulder

2. This is political risk data (Corruption, war and conflict, bureaucracy ratings, etc...)that goes mostly back to the 80's

ii. U.S Political Stats

1. By CQ press
2. Stats from all three branches of the government. Lots of different data sets on everything from religious affiliation of congress to the "personal surrounding background" of Supreme Court justices.
3. Most important? Floor votes for major legislation!
4. All data can be downloaded

b. MyHeritage.com (Mark)

- i. Library version of ancestry.com
- ii. Good for old census materials and also includes other types of contextual documents

c. Mark showed off Kibosh (UNC libguides)

- i. Since he is retiring, who will take over Kibosh?
- ii. GoPIG should take it on and store it in the new libguide. It might be something we try to get a grant to turn into an online database of some sort.
- iii. Not only is it an indexing tool for data collections, but it is also a repository.

5) Library Updates

- a. UNC – succession LibGuide created by Mark, several staff positions short,
 - i. GOPIG gave a gift card to Mark and thanked him for his long time service to the profession
- b. Regis – Dean is returning from sabbatical in Africa, one open position (head of tech services), and they are shifting the reference collection
- c. UCCS – Having sprinkler system installed, batch loading system is not working
- d. CU – Some construction, basement closed no end in sight, moving some things ready to move off site, new dean August 1, beginning Gov Info head search, open romance language librarian, metadata librarian. Gov info will be hiring library tech II.
 - i. Western State Conference: stay tuned for new schedule and updates
- e. State pubs – director is retiring
- f. Mines – Upheaval, they are starting plans to move stuff offsite, searching for provost, UNT partnership through TRAIL

6) Tour of historic campus

7) Lunch @ Grand Lakes 16th Street Tavern
