Spouses, partners and other family members must establish their relationship by sharing documents issued by a non-familial third-party that demonstrates a prior committed relationship, or by providing a legally binding document.

CU AFFILIATES AS OCCUPANTS

Leaseholders may add non-familial CU affiliates as occupants on their lease agreement. Before move-in, occupants must provide documentation of their affiliation with CU Boulder. Examples could include a letter from a department chair of a program stating enrollment or employment, a course schedule for the current or upcoming semester depending on the time of year, a letter from an academic advisor, etc. Course schedules should note full name, course titles and number of enrolled credit hours.

All non-familial occupants in the apartment must have full time affiliation with the University. Proof of eligibility will be required before non-familial occupants will be added to the lease. DEGREE PROGRESS

Residents that maintain eligibility as a student must:

- Remain enrolled full-time in in-person courses.
- Continue making satisfactory progress towards degree completion.
- Continuing Education, study abroad and other coursework away from Boulder will count toward the full-time requirement if:
 1. Residents are enrolled in a degree-seeking program.
 2. The resident's academic department supplies documentation stating that the courses the resident is taking will fulfill requirements toward the completion of residents degree.

TERM LIMITS

- Faculty and staff residents may live in Graduate & Family Housing for a maximum combined total of two years.
- Postdoctoral scholars may live in Graduate & Family Housing for a maximum combined total of five years.

In order to maintain eligibility within Graduate and Family Housing, residents must:

- Consistently pay monthly rent on time and ensure that account remains in good standing with a zero-dollar balance.
- Remain in compliance with the terms of the Graduate & Family Housing Lease Agreement, Graduate & Family Housing Resident Handbook, [Student Code of Conduct Policies and Procedures](#), the [Office of Institutional Equity and Compliance's](#) Resolution Procedures, the Campus Use of [University Facilities \(CUUF\) policy](#), and Regent's policies as well as any other federal, state or local ordinances or regulations.
- No lease violations raising to the level of eviction or loss of eligibility.

GRADUATION

All student residents must be full-time and degree-seeking students at the CU Boulder to qualify to live in Graduate & Family Housing. Graduating students are responsible for submitting a 30-day notice of their intent to vacate and must fill out an Intent to Vacate form 30 days before moving out. Graduates must vacate within 30 days of degree completion and therefore must fill out the Intent to Vacate form 30 days prior to that date. Intent to Vacate forms are currently located in your myCULiving portal.

LEAVE OF ABSENCE PROGRAM

CU Boulder offers a [Leave of Absence](#) opportunity for students. For Graduate & Family Housing purposes, a Resident may participate in the Leave of Absence Program for one semester only during their time at CU Boulder and still maintain eligibility. If not returning in person to CU Boulder following a Leave of Absence, the Resident must complete the Intent to Vacate form to initiate the final move-out process.

LEASE RENEWAL

The lease renewal process begins annually in June. The University reserves the right to request proof of enrollment, or proof of continued employment from any resident at any time. Failure to produce such a document may lead to lease termination.

***Failure to renew one's lease is not a substitute for the completion of the 30-day notice paperwork that is required prior to move out.**

LOSS OF ELIGIBILITY

Any resident who loses eligibility to reside in Graduate & Family Housing must submit their Intent to Vacate paperwork 30 days prior to their departure. Residents who lose eligibility are required to vacate their apartment within 30 days of their status change. Residents who lose eligibility for the following reasons are exempt from the financial penalties outlined in the "Termination By Resident" section of the lease agreement (typically the financial penalty is equivalent to one month's rent):

- Graduation
- Withdrawal from the university in accordance with University policy
- Loss of employment at the university, voluntary or otherwise
- Approval of a petition of hardship
- End of two-year faculty/staff residency limit
- End of five-year postdoctoral scholar residency limit

The Graduate & Family Housing Office reserves the right to reduce the 30-day departure policy at the request of the Office of Student Conduct and Conflict Resolution, Office of Institutional Equity & Compliance, Office of the Dean of Students, Human Resources, the CU Police Department, and other campus departments that have the authority to determine if the resident poses a threat to the community.

In instances where move-out related penalties are waived, the resident is still responsible for any damage and cleaning charges that may apply.

MAXIMUM OCCUPANCY

There is a limit to the number of people allowed to live in a particular apartment. If the number of occupants exceeds the maximum occupancy listed below, the housing assignment must be changed or terminated.

Due to the limited size of our apartments, the following occupancy restrictions apply:

APARTMENT SIZE	MAXIMUM
Studio	1 Occupant
1 Bedroom	2 Occupants
2 Bedroom	4 Occupants
3 Bedroom	6 Occupants

To remain within the maximum occupancy for each apartment, Residents are required to inform the Graduate & Family Housing office and the assigned Apartment Advisor of the names and dates any guests will be visiting for 14 days or longer. The Leaseholder is responsible for the behavior of guests and Occupants at all times.

REQUEST TO TRANSFER APARTMENTS

Transfer requests are processed during the Transfer Process period that opens once per semester, should apartment spaces be available. Offers are made to waitlisted Leaseholders depending upon availability, and a transfer is not guaranteed. Primary Leaseholders may request a transfer by submitting the Transfer Request form located in the myCULiving portal. There is a \$150 transfer fee assessed at the time a transfer is completed. Requests to transfer outside of the normal process should be directed to University Housing.

Transfer fee may be waived for the following:

1. **Medical Transfer:** A situation where a resident needs to move out of their current apartment for medical reasons (not including isolation or quarantine). Residents need approval from Disability Services.
2. **Increase in family size:** A situation where a resident needs to move because they are expecting or adopting a child, or adding other family members to the lease, and will exceed the maximum occupancy of their current apartment.

PRIMARY LEASEHOLDER TRANSFER POLICY

University Housing allows a one-time lease transfer between a primary Leaseholder and a CU-affiliated Occupant who has lived in the apartment for at least three months and meets eligibility criteria. After one transfer, the unit is no longer eligible for future Leaseholder changes until all current Occupants vacate, and new eligibility is re-established.

SEX OFFENDERS

If a Resident is convicted of a sex offense while living in University Housing, Resident must notify the Director of University Housing. The nature of CU Boulder's housing environment was designed to be conducive to academic learning and, for example, includes a communal living environment with close proximity to Residents that may include minor students and children. Based on this nature of CU Boulder's housing environment, CU Boulder does not authorize registered sex offenders to reside in university housing, absent rare, extenuating circumstances provided by the Resident, in a manner specified by CU Boulder, clearly demonstrating that there is not unreasonable risk to the safety or security of the CU Boulder housing environment. Residents who are required to register as sex offenders are encouraged to seek off-campus housing options.

MOVING IN

CHECK-IN

Apartment Advisors should be contacted by the Leaseholder within the first two weeks of a Leaseholder's move-in to schedule a check-in appointment. During the appointment, Apartment Advisors will visit each new Leaseholder to complete check-in forms and review the condition of the apartment. Apartment Advisors will also support the Leaseholder in completing an Apartment Condition Form. Graduate & Family Housing recommends that the leaseholder record every noted damage to avoid charges at move-out.

Damage such as nail holes, chipped tiles, burned countertops, worn and discolored carpet, dripping faucets, closet doors off the track, and torn window screens should be recorded on the Apartment Condition Form, and also reported through fixit.colorado.edu so that repairs can be completed.

Any problems that exist when a leaseholder moves into an apartment and are not repaired while they resident there are not considered the leaseholder's responsibility as long as they are recorded during a check-in appointment.

MOVERS AND MOVING SUPPLIES

Residents utilizing the support of a moving company are responsible for coordinating the use of parking spaces through [Parking Services](#) prior to arrival.

There are three [UPS Store locations](#) on campus. Residents may ship items to and from the UPS Store locations.

MOVING OUT

CHARGES

The Leaseholder will be responsible for any charges related to cleaning, damages and for the disposal of any items left in the apartment or storage unit. Leaseholders should see the attached vacating instructions in their Intent to Vacate email from the University Housing team for approximate cleaning fees and damage charges.

DEPOSIT

Within 60 days of move-out, a leaseholder's housing deposit will be refunded after the following items have been deducted:

- Any remaining rent balance and/outstanding rent charges
- Lock/key charges
- Damage to the unit, including to appliances and furniture
- Apartment cleaning fees

All refunds are returned to the forwarding address provided by the leaseholder, via a mailed check.

DRIVING ON LAWNS AND SIDEWALKS

Motor vehicles of all kinds (including vans, trucks or any type of moving vehicle) are prohibited from driving on sidewalks or lawns, or from blocking any walkways, driveways, etc. In order to avoid destruction of property or injury to Residents. Residents found to have driven on lawns or sidewalks will be responsible for any charges for damage.

EXCESS CHARGES

When charges against a unit exceed the amount of deposit, the leaseholder will receive a letter from the University regarding the amount owed. If payment is not made in a timely manner, the leaseholder's name is placed on the University debt file list and transferred to their Bursar account or sent to collections. This action prohibits the leaseholder from registering for classes, receiving official transcripts or being cleared to graduate until the amount due is paid. Additional charges deducted from the deposit may include rent due, cleaning, damages, utilities, lock changes, etc.

If a leaseholder is due a refund, the Student Affairs Finance Office will send a check to the forwarding address that the resident provided. If residents have questions regarding a refund or payment, contact the Graduate & Family Housing office via email. Leaseholders may appeal damage and cleaning charges within 14 days of receiving their bill. The start of the appeal period is determined by the date billing is communicated to the former leaseholder and will be considered when received within 14 days of that date. Appeals should be directed to the Graduate & Family Housing office.

FINAL CHECK OUT

A final apartment walk through is done by Graduate & Family Housing staff after the Leaseholder returns all keys into to the Graduate & Family Housing Office.

There are two ways to turn in keys when vacating:

1. Bring all keys and any temporary access/guest cards to the office during Graduate & Family Housing office hours.
2. After hours: Put all keys in an envelope, label the envelope with the Leaseholder's name and apartment number, drop the envelope in the secure deposit box located under the counter in the entryway (Marine Court A Building) next to the Graduate & Family Housing office door.

Apartment doors and windows must be locked before keys are returned. Should an unlocked door result in damage after a resident departs, the leaseholder will be responsible for the ensuing damage. A staff member will check the apartment for damages after keys are returned.

FINAL INSPECTION

To avoid any unnecessary charges, follow all vacating directions provided by the University Housing and Graduate & Family Housing offices. Contact the Graduate & Family Housing office at 303-492-6384 with any questions or concerns.

FORWARDING ADDRESS

Residents must check out no later than the date they have indicated. Apartments are rented to another leaseholder according to the resident's provided vacate date.

Failure to provide a forwarding address or providing an incorrect forwarding address, will result in delays in the processing of any refunds.

NOTICE

Residents must check out no later than the date they have indicated. Apartments are rented to another leaseholder according to the resident's provided vacate date.

The vacating Resident should have the apartment access card (such as Buff OneCard) deactivated by the Graduate & Family Housing office at the time of check-out.
- If any resident continues to occupy the apartment past the vacate date, the leaseholder will be charged rent for each day until the apartment is vacated and keys returned or deactivated, plus a liquidated damages fee of \$250 per day, or the maximum allowed by law, until keys are returned to, or deactivated by, the Graduate & Family Housing office. The University will seek a Forced Entry and Detainer as needed.
 - If any resident does not vacate their apartment on time, they could be held financially responsible for any charges incurred by the University.

If an apartment requires maintenance or service due to negligence, or something that is not normal “wear and tear,” labor and equipment charges may be assessed. Do not contact any outside repair service.

The University will inform residents of upcoming maintenance projects and if/when maintenance personnel will require access to apartments. Residents are required to allow maintenance access to their apartment and to move any items necessary for maintenance work to be completed. The University does not provide rent reductions or transfers from apartments affected by Emergency Maintenance work unless otherwise communicated, nor does the University provide rent reductions or refunds if a resident must move permanently to another location on or off campus due to maintenance work.

ENTERING APARTMENTS

University personnel respect the rights of residents and their privacy and security. After submitting a request for repair services, residents should be prepared to admit an employee into their apartment. After a request for maintenance, every attempt will be made to complete the requests during regular business hours. If entrance into an apartment is required, residents will find a notice that explains who entered, for what reason and if additional service will be needed.

In the following circumstances, university staff will enter an apartment without a resident's prior consent or request:

- An immediate threat to the health or safety of the occupants or university community, such as smoke, fire, flood and/or unattended children crying.
- A need to protect university or private property, such as water leaking from the apartment above or structural damage that affects an apartment.

Do not place trash on patios, balconies, stairs or by front doors. Clean all spills immediately, do not allow dirty dishes to accumulate over an extended period and use general care regarding the cleanliness of the apartment. Unsanitary conditions are a lease violation and may result in lease non-renewal or termination.

Residents may request disability accommodations, including for a service or assistance animal. All requests must be submitted as a request to Disability Services. All residents will be required to comply with all Assistance Animal Care Expectations as provided by [Disability Services](#) or the ADA Coordinator. SAFETY

BI-ANNUAL HEALTH & SAFETY INSPECTIONS

To ensure the safety of the Graduate & Family Housing residents, Apartment Advisors perform a safety inspection for each apartment twice a year. During this time, Apartment Advisors will enter each apartment and check the condition of smoke detectors and appliances. Residents are not required to be present for the inspection, and due to the large number of apartments that each Apartment Advisor is responsible for, individual appointments are not available. Residents will receive email notification before Apartment Advisors enter apartments. Residents are required to allow Apartment Advisors entry in order to complete safety inspections.

RESIDENT INJURY AND ILLNESS

Graduate & Family Housing reserves the right, but not the obligation, to request medical assistance (including an ambulance) on a resident’s behalf, should it be deemed necessary. It is the University’s policy not to (personally) transport injured or sick individuals. Medical care providers are instructed to bill the cost of their services to the resident or their health insurance. University is not responsible or liable for payment of medical bills that may be a result of injury or illness while residents reside in CU Boulder housing.

SECURITY

All Graduate & Family Housing apartments have a high-security lock on the front door. Each lock has a deadbolt that is designed to prohibit duplication. Residents are responsible for their keys at all times. Door safety chains are not permitted, and residents will be charged a removal fee if they install one.

Do not mark temporary/guest access cards or BuffOne Cards with apartment numbers or addresses. If Resident loses apartment access, they must immediately alert the Graduate & Family Housing office and receive a new BuffOne card from the BuffOne Card office (C4C N180).

A locked door is only one line of security and perhaps the last barrier against break-ins. Community awareness and prevention are additional lines of security. Please continue to help Graduate & Family Housing be a safe place to live.

Report any suspicious situation to CU Police Department at 911 or 303-492-6666 immediately.

- It is expected that all residents purchase renter's insurance to cover all personal belongings.

The University assumes no responsibility for personal property that is lost, stolen or damaged due to negligence. The University is also not responsible for injuries caused by fire, smoke, water, wind, utility or equipment malfunction or any other uncontrollable circumstance.

For more information on safety and security within the community and surrounding areas, visit the CUPD website at colorado.edu/police.

FIRE ALARM SYSTEMS AND EQUIPMENT

Tampering with, removing or misusing fire safety equipment such as fire extinguishers, fire alarms, smoke detectors (including batteries), fire evacuation route instructions, sprinklers, firefighting equipment and exit signs are prohibited. Hanging items from sprinklers or pipes is prohibited.

Residents should test the smoke detectors in their apartment at least once per month by pushing the circular test button on the face of the detector. Should the smoke detector not sound, Residents should report the issue via a Fix-It work order. Apartment Advisors are required to test all apartment smoke detectors once per leasing cycle.

Motorized vehicles, charcoal, highly flammable materials such as chemicals, gasoline, camping stove fuel and charcoal starter and gas/propane equipment (including propane tanks) are not permitted inside apartments, on decks, patios, common areas, entryways or storage areas.

Do not keep large quantities of newspapers, rags or other trash in any room. Residents are responsible for any devices that may be flammable and their impact on apartments or the community. Also, do not block doors or exit pathways with large items, such as furniture. The use of padlocks and safety chains on doors is prohibited.

Aluminum foil should not be placed on the walls around stoves or on drip pans. Placing foil on these items holds grease and oil in place leading to dangerous fire conditions. Stove tops should be cleaned regularly to avoid grease and oil build up.

Fire is a danger to all residents, and everyone must be aware of how to prevent damage and personal harm in case of a fire. Each apartment is equipped with smoke detectors. Staff will check these annually.

Always turn the stove and oven off when not in use. Never leave burning candles, incense, or cooking food unattended.

Always use appropriate extension cords and do not overload outlets. Extension cords must not be laid under rugs, stapled to walls or hung on nails. Residents are not allowed to plug extension cord into another extension cord also known as “daisy chaining.” Multiplug devices, or multiplug outlet covers, should not be used. Use of multiplug devices or multiplug outlet covers, with extension cords are also prohibited.

Residents are prohibited from hanging items from ceilings and doorways, and no items may be fixed to windows, such as posters, post-it notes, flyers or similar materials. University staff reserve the right to ask residents to remove any decorations from walls, doors, windows, floors, etc. Failure to comply with such a request will be considered a violation of the policy. Additionally, residents are expected to use CU Boulder-provided microwaves and ovens, including those in community kitchens, in a manner that does not endanger other residents and the community.

Disabling a smoke detector is a safety violation and could result in lease termination.

FIRE SPRINKLER SYSTEM

To ensure proper and worry-free operation of the fire sprinkler system:

- Never hang anything from the sprinkler heads or from sprinkler system piping. Clothing and holiday decorations can cause the system to be ineffective and can lead to breakage and potential water damage.
- Never use a space heater in Graduate & Family Housing; they are prohibited.
- Never place or store objects in the path of the sprinkler head spray pattern. This could cause sprinkler heads to be ineffective in the event of a fire. Picture frames, potted plants, vases and other decorative items are examples of potential obstructions. To be certain, no items should be stored within 18” of any sprinkler head.
- Exercise awareness and caution around sprinkler equipment. It should be free of any obstructions as it could be damaged and/or activated. Damaging a sprinkler head can lead to accidental activation which causes water to be released into an apartment.

FIREWORKS

Boulder fire prevention ordinances and Graduate & Family Housing policy prohibit the manufacture, sale, use and possession of all fireworks (including sparklers) anywhere within city limits and all of Graduate & Family Housing.

EVACUATION

In addition to the danger of fire, there are times during the year when Graduate & Family Housing has the possibility of floods, tornadoes, severe windstorms and/or other emergencies that may require evacuation.

Note the following guidelines for emergencies in the Graduate & Family Housing area:

- **Prepare an emergency kit. Place it near the exit of the apartment. Be sure to include the following items: medicine, water, blanket, diapers, baby formula/food, first-aid kit, emergency contact phone list, personal identifying information, money, flashlight, dry snacks, etc.**
- **Report any emergency conditions (smoke or fire, electrical storms, tornado funnels, etc.) by dialing 911. If possible, inform neighbors and Graduate & Family Housing as well.**
- **Listen for a siren, alarm or automated phone call from emergency services, instructions from CU staff members in the area, or a loudspeaker announcement from a University official driving through the area. Follow any instructions provided.**
- **Contact all family members and evacuate. Leave a note explaining to emergency staff that the evacuation is complete. Inform emergency services of anyone whose whereabouts are uncertain.**
- **If necessary, Graduate & Family Housing or university officials may enter apartments to make sure that residents have evacuated and/or use the space as shelter for individuals who were not able to evacuate due to high flood water.**
- **When the flood siren sounds, residents should move upward in the building. First floor residents should go to the second or third floor. Second or third floor residents are encouraged to accommodate residents from lower levels.**
