**DISCLAIMER**

This document is intended to provide general information, but it is not intended to, nor does it, create a contract between the CU Boulder and residents. As a condition to living in CU Boulder housing, residents signed a contract. In the event of any conflict between the housing contract and this Residential Handbook, the housing contract shall control.
INTRODUCTION TO THE RESIDENTIAL HANDBOOK

This Residential Handbook addresses important information to promote an environment conducive to learning for all members of the residential community at the University of Colorado Boulder (CU Boulder).

RESIDENT RESPONSIBILITY FOR COMPLIANCE

Students living in the residence halls, Bear Creek, and hotels (residents) are responsible for reading and complying with all contents of this Residential Handbook. For residents assigned to a hotel, the hotel policies apply to you as well. Failure to comply can subject residents to disciplinary action under the Student Code of Conduct and CU Boulder termination of the housing contract.

UPDATES

CU Boulder reserves the right to update the Residential Handbook at any time. Updates become effective after the updated Residential Handbook is posted on CU Boulder’s housing website.

“Living on campus and being a part of Residence Life provides you with some really amazing opportunities to find and create meaningful connections during your college experience.”
WHO WE ARE STATEMENT

We provide holistic communities which foster inclusion and deepen the residential learning experience. Through this transformative experience, all members of our community will engage in self-exploration and gain new perspectives, thereby recognizing their impact on CU and on the greater world around them.

THE MODEL BUFF COMMUNITY

Although this may look different this year due to COVID – 19, our model Buff community will develop residents’ commitment to learning and personal responsibility to be globally conscious members of their CU Boulder community. Residents have an opportunity to interact and build relationships that will foster learning when they engage in dialogue and reflect on their experiences with others.

Residence Life is committed to providing student spaces as avenues for growth and development. As a result, residents will explore themselves, gain new perspectives, recognize their impact on others, on CU Boulder and on the world around them.

Our policies align with the four foundational aspects of our Residential Experience.

PERSONAL RESPONSIBILITY
As residents living with us, the policies address the impact of your personal behavior and the community as a whole.

ACADEMIC RESPONSIBILITY
Our policies have been created to support your priorities as a student. These policies are intended to create environments that are conducive to learning, studying and your general well-being as a member of the community.

COMMUNITY RESPONSIBILITY
Living within the residence halls, you have a responsibility to your community by being mindful of the impact individual actions have on the collective.

GLOBAL RESPONSIBILITY
As members of the CU Boulder community, our actions not only impact the local residential community, but our actions also impact the larger campus and Boulder communities. These policies support our effort to be positive members of the greater community. Our policies align with the four foundational aspects of our Residential Experience.
STUDENT AFFAIRS DIVERSITY & INCLUSION STATEMENT

Student Affairs supports and contributes to creating and sustaining a diverse, multicultural, socially just and inclusive campus climate by learning about, recognizing and honoring the diverse backgrounds, histories, identities and life experiences of all our students, faculty and staff. Our challenge is to create a campus in which all community members can thrive in an environment where they feel at home, welcome and safe.

As members of the community, residents are expected to uphold CU Boulder standards, which include abiding by: all applicable laws; Regent Laws and Policies; CU Boulder of Colorado policies; CU Boulder policies and procedures; Office of Student Conduct and Conflict Resolution’s Student Code of Conduct Policies and Procedures; and the Office of Institutional Equity and Compliance’s Resolution Procedures. All residents are subject to the specific housing provisions detailed in the Student Code of Conduct. Below are additional policies and requirements that pertain specifically to the residence halls and Bear Creek.

Residence Life departmental activities will have the first priority for the scheduling of facilities.

• Residents as well as guests are not permitted in the bathrooms when closed by Environmental Services/Maintenance for cleaning or maintenance work.

• Residents may not loiter in a lobby that they are not assigned too.

• If a resident is found as a guest in another community, they are found equally responsible for the violation.

HEALTH AND SAFETY REQUIREMENTS TO MITIGATE COMMUNICABLE DISEASES, INCLUDING COVID-19

CU Boulder adhering to all applicable requirements of the Centers for Disease Control and Prevention (CDC), the Colorado Department of Public Health and Environment (CDPHE), and Boulder County Public Health (BCPH) in order to mitigate risks and spread of communicable disease.

In order to provide a safe environment for everyone on campus, residents must comply with the CU Boulder’s COVID-19 Health and Safety Policy, the Student Code of Conduct, and the below requirements. All electronic and community signage posted information in housing buildings must be followed. Residents who are asked to self-isolate or quarantine by health professional, must comply. Student violations are subject to disciplinary action under the Student Code of Conduct and potential termination or suspension of the housing contract.

PERSONAL AND AREA HYGIENE

When residents are on campus, practice good personal and area hygiene, including:

• Wash hands frequently with soap and water, or use hand sanitizer, collectively referred to as “hand hygiene.”

• Keep living space clean; disinfect it daily, especially if you leave the space.

• Avoid touching your eyes, nose and mouth.

• Wear a face covering/mask/cloth over nose and mouth.
  ○ If there is a reason related to a health condition for not wearing a mask, contact Disability Services to request a reasonable accommodation.
  ○ If there is a religious reason for not wearing a mask, contact the Office of Institutional Equity and Compliance to request a reasonable accommodation.
• Cover mouth and nose with a tissue when coughing or sneezing, or use inside of your elbow. Discard the tissue immediately.

• Maintain a physical separation of 6 feet from others.

• Pay attention to your health, observe any symptoms you may have, and be aware of reporting mechanisms if you become ill.

CLEANING AND DISINFECTING YOUR LIVING SPACE
Ensure cleaning of laundry and assigned space regularly cleaned. Those in spaces with common areas, bathrooms, sinks, etc. should keep those spaces clean as well. Some things to pay close attention to when cleaning include:

• Phones, laptop keyboard, and mousepad
• Microfridge door handles
• Sink Faucets (if living in a space with private bathroom or sink in room)
• Door handles

CLOTH FACE COVERS
Cloth face covers are simple cloth face coverings that slow the spread of a virus. Cloth face masks slow the spread of viruses like COVID-19 transmission from pre-symptomatic and asymptomatic individuals who may have the virus (and do not know it) to others, in other words, source control.

SOCIAL DISTANCING
To assist with efforts of not spreading the virus, large gatherings and crowded places must be avoided. Examples of social distancing requirements are as follows:

• Maintain 6-foot distance from others to reduce the chance of contact with those unknowingly carrying the infection
• When moving between floors, rooms, buildings, etc. maintain a 6-foot distance
• When static (e.g., sitting at a table in a study room, at the community center front desk), maintain a 6-foot radius in all directions.
• Limit the number of people in an area. There will need to be fewer people in any building community spaces, lobbies, classroom, etc.
