VANDALISM & RESPECT FOR RESIDENTIAL PROPERTY

Vandalism is the act of tampering with or causing damage to CU Boulder property or the property of another person. Examples of vandalism can include tearing down community bulletin boards, defacing surfaces, tampering with or damaging university elevators, fire extinguishers, walls, ceilings, signage, bathroom fixtures, furniture, doors, etc. Vandalism is prohibited and is a violation of the Student Code of Conduct. Property damage to CU Boulder buildings and property may result in student conduct restitution charges.

We strive to create safe and welcoming communities and vandalism negatively impacts everyone’s experiencing living on campus. Holding those who vandalize accountable is a responsibility of all community members including professional staff and residential students.

Additionally, residents are not allowed to hang onto or swing from pipes and other ceiling, wall, or exterior building fixtures.

WEAPONS

Residents are prohibited from bringing, carrying, or keeping any weapon or firearm in CU Boulder Housing, including any handgun(s) carried in accordance with the Colorado Concealed Carry Act. The term “weapon” applies to any item which in the manner it is used or intended to be used is capable of producing, or causing in persons the fear of, bodily injury or death. Examples of such items include but are not limited to: real or simulated firearms (e.g. stun guns or Tasers); pocket knives/knives or other bladed items (e.g., swords, sabers, spears); striking devices (e.g., bludgeons, clubs, canes, wooden swords, nunchakus) and replicas or likenesses of such devices. GUEST POLICY

GUESTS
Guests are defined as anyone not assigned to a residential room, suite, or apartment. This may include friends, family members, or other persons related to or affiliated in any way with the resident.

- Residents are responsible for the behavior of their guests, including other students or non-students and must inform them of CU Boulder policies. Residents are not permitted to host any individual who has an active trespass restriction prohibiting entry into University owned or operated property.
- It is expected that roommates discuss their preferences with respect to all visitation in the room/apartment. Visitation of one roommate should not infringe on the rights of other roommates. Resident rooms/apartments are to be occupied only by those assigned to the room/apartment by University Housing and are not to be occupied by or loaned to other residents or non-residents.
- Guests must be escorted (e.g., to and from restrooms and lounges) by the host resident(s) at all times.

OVERNIGHT GUESTS
Overnight guests are allowed only with the consent of other roommates, and are restricted to a maximum three (3) day stay at any one time and no more than a total of six (6) nights of overnight stays per month. Overnight guests are not permitted, regardless of roommate consent, during final exam periods or the weekend preceding final exams. Exceptions must be approved with building professional staff members.

USE OF COMMON AREAS
- Lounges and other common areas of the building are provided for the use of residents. These areas are only intended for use by CU Boulder students and approved Center for Student Involvement clubs and organizations. Furniture may not be moved to a different location or resident room for any reason, unless approved by Residence Life Staff. Spaces are reserved or closed on a case-by-case basis by CU Boulder staff. Residence Life departmental activities will have the first priority for the scheduling of facilities.
- Residents may not loiter in a lobby that they are not assigned to.
HEALTH AND SAFETY REQUIREMENTS TO MITIGATE COMMUNICABLE DISEASES, INCLUDING COVID-19

With respect to the COVID-19 Pandemic and any other similar outbreaks, epidemics or pandemics that may occur in the future, CU Boulder will adhere to all applicable requirements of the Centers for Disease Control and Prevention (CDC), the Colorado Department of Public Health and Environment (CDPHE), and Boulder County Public Health (BCPH) in order to mitigate risks and spread of communicable disease. Residents shall be fully responsible for complying with all governmental and public health restrictions, regulations and guidance, and with the COVID-19 Policies as well as any other rules and regulations established by University Housing or CU Boulder.

Precautions may include, but are not limited to, compliance with the following: the use of facial coverings, limitations on guest/visitor access, the limitation of gathering size, and physical distancing guidelines. As the same may be applied to all other Pandemics, if a Resident has symptoms commonly associated with COVID-19 (symptoms of which are listed on the Center for Disease Control and Prevention website) or is asymptomatic but suspected of having been exposed to COVID-19 or other communicable disease, Resident shall comply with any quarantine or isolation requirements CU Boulder may impose, which may include relocation. At the University’s request or as otherwise determined medically prudent or necessary, Resident shall cooperate with the University and make arrangements to relocate to other Premises off campus. Resident shall be responsible for locating alternative premises and for determining when Resident is in need of medical care and supervision. In no event shall the University be responsible for supervising or providing alternative housing options to any Resident who is suspected or confirmed of having COVID-19 or any other infectious disease.

Residents who are asked to self-isolate or quarantine by a health professional, must comply. Student violations are subject to disciplinary action under the Student Code of Conduct and potential termination or suspension of the housing contract.

PERSONAL AND AREA HYGIENE

When residents are on campus, good personal and area hygiene practices should be followed, including:

- Wash hands frequently with soap and water, or use hand sanitizer, collectively referred to as “hand hygiene.”
- Keep living space clean; disinfect it daily, especially if you leave the space.
- Avoid touching your eyes, nose and mouth.
- Cover your mouth and nose with a tissue when coughing or sneezing, or use the inside of your elbow. Discard the tissue immediately.
- Pay attention to your health, observe any symptoms you may have, and be aware of reporting mechanisms if you become ill.
CLEANING AND DISINFECTING YOUR LIVING SPACE

Ensure cleaning of laundry and assigned space regularly cleaned. Those in spaces with common areas, bathrooms, sinks, etc. should keep those spaces clean as well. Some things to pay close attention to when cleaning include:

- Phones, laptop keyboard, and mousepad
- Microfridge door handles
- Sink Faucets (if living in a space with private bathroom or sink in room)
- Door handles

CLOTH FACE COVERS

Cloth face covers are simple cloth face coverings that slow the spread of a virus.

Cloth face masks slow the spread of viruses like COVID-19 transmission from pre-symptomatic and asymptomatic individuals who may have the virus (and do not know it) to others, in other words, source control.

ENCOURAGED SOCIAL DISTANCING

To assist with efforts of not spreading the virus, large gatherings and crowded places must be avoided. Examples of social distancing requirements are as follows:

- Maintain 6-foot distance from others to reduce the chance of contact with those unknowingly carrying the infection
- When moving between floors, rooms, buildings, etc. maintain a 6-foot distance
- When static (e.g., sitting at a table in a study room, at the community center front desk), maintain a 6-foot radius in all directions.
- Limit the number of people in an area. There will need to be fewer people in any building community spaces, lobbies, classroom, etc. [CB1]
