

K:\planning\Master Plan Graphics - 2011_working graphic files\20110526working\ExII-C-3CMP20110602.dwg, Flood Map, 7/7/2011 10:33:14 AM

Legend

- 500 year Flood plain Zone
- 100 year Floodplain Zone
- Conveyance Zone
- High Hazard Zone

Note:

1. This flood map is a compilation of four flood mapping studies. As of June 2011, three of the studies (South Boulder Creek, Boulder Creek and Skunk Creek) are still under study and may be modified further. Thus, this flood map may need updating.
2. The City of Boulder has two additional classifications of flood hazards: Conveyance Zone and High Hazard Zone. While University of Colorado Boulder is not subject to these definitions, they are provided for informational purposes.
