

2024 University of Colorado Middle School Honor Band required etudes

Record your video audition (as per the guidelines listed below) in the following order:

1. Before playing your audition, clearly state your name, grade, school, and auditioning instrument.
2. Perform the major scales listed for your instrument. Scales are instrument-specific, **not** concert pitch. Scales should use the following articulation pattern with an exact tempo of quarter note = 120.

(We will be listening for students' ability to play evenly at this tempo. Exceeding the tempo of quarter = 120 will result in a slightly lower score.)

3. Perform a chromatic scale, either all tongued or all slurred, over the range indicated. Play a straight eighth note scale pattern at the exact tempo of quarter note = 120.
4. Perform the etudes listed for your instrument (refer to following pages).

*DO NOT add any reverb or alter the audition recording in any way. No metronome allowed. All parts of your audition (scales and etudes) must be **recorded in one continuous take**. Recording separate takes and splicing them together into one video file is prohibited.
