4. The next page is the **profile** page, where you provide your student’s information to register for the camp.

In the Chamber Music field, consider whether your student would like to perform in a small group, or as a soloist with a piano accompaniment **in addition to** the full ensemble performance. If you select a “yes” option, we will assemble the appropriate small groups with like-skilled students. We will take instrumentation and interest level into account.

5. All registrants will also need to **email** a recording of your student playing a 2-minute excerpt of their choice, that demonstrates their tone quality and technical ability. Don't worry – this isn't an audition! The recording helps us select music and form chamber groups that are at your level; so really, we use it to personalize your experience. Please email your recording in .mp3 format, to musicacademy@colorado.edu . Please name your file "LastName_FirstName.mp3". Be sure to state your name on your .mp3, too!
