From: Colorado Meet Officer in Charge, University of Colorado Naval Reserve Officers Training Corps Unit, Boulder, Colorado
To: All Hands

Subj: COLORADO MEET KNOWLEDGE COMPETITION WARNING ORDER

1. On 6-7 March 2020, The University of Colorado’s Naval ROTC Program will be holding a Knowledge Competition as a part of the Colorado Meet. The purpose of The Knowledge Competition is to assess Midshipman’s competency on Navy and Marine Corps topics. Confidence and military bearing will be enforced. Teams will consist of four midshipmen: at least one Navy option midshipman and at least one Marine option midshipmen must be a part of the team. If teams cannot meet this criteria, they may appeal to the Knowledge Competition Officer in Charge for special circumstances approval. Fourth class midshipmen are encouraged to participate, but are not required in order for a team to participate.

2. The Knowledge Competition will pull material from the following five sources: The Bluejacket’s Manual, The Historical Atlas of the U.S. Navy (Symonds), The Watch Officer’s Guide 15th Edition, The Marine Officer’s Guide 7th Edition, and The United States Coast Guard Navigation Rules and Regulations Handbook, August 2014 Edition. Teams should also be familiar with famous Navy and Marine Corps officers and battles, as well as land navigation and maneuvering boards. Any equipment needed to accurately complete maneuvering board problems and land navigation problems will be provided by the Knowledge Competition Staff. Teams will earn points for accuracy and military bearing but will lose points for inaccuracy and/or lack of military bearing. The Knowledge Competition proctors will clarify proper military bearing before each round. The lead proctor will judge the accuracy and military bearing after each attempted answer.
