

NASA FINESST Student Research Grant Post-Submission Assurance

Future Investigator (FI)	
Principal Investigator (PI)	
Proposal # / Title	

By signing below, the student (FI) and mentor (PI) named above certify to the following:

- (1) During FINESST proposal consideration by NASA, the PI or FI will notify their Proposal Analyst if the FI accepts any Federal or non-Federal fellowship or traineeship that 1) provides stipend and other costs, e.g., tuition, that overlap with the FINESST award and 2) is longer than three months in duration.
- (2) If a FINESST award is accepted, the PI or FI will notify their OCG Grant Officer if the FI accepts any Federal or non-Federal fellowship or traineeship that 1) provides stipend and other costs, e.g., tuition, that overlap with the FINESST award and 2) is longer than three months in duration. (NASA may require a revised budget and, if appropriate, a revised proposal for any active award to ensure that the FI can devote sufficient time to the FINESST research.)
- (3) If the PI has FINESST and other proposals with overlapping tasks submitted at the same time, and either proposal is selected for award, the PI will alert both the funding FINESST program scientist and the other program manager. (Negotiations may be needed to ensure NASA doesn't fund duplicative work.)

_____ Signature of Future Investigator	_____ Date
_____ Signature of Principal Investigator	_____ Date

Copies of this form will be uploaded to the InfoEd record and routed to the Department DRAs as applicable.

This assurance is in accordance with ROSES F.5 - Future Investigators in NASA Earth and Space Science and Technology, NNH23ZDA001N-FINESST
