## Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System's Graduation Rate Survey (GRS). For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2018-19 Survey.

In the following section for bachelor's or equivalent programs, please disaggregate the Fall 2011 and Fall 2012 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant\*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

\*Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11). For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

### For Bachelor's or Equivalent Programs

Please provide data for the Fall 2011 cohort if available. If Fall 2012 cohort data are not available, provide data for the Fall 2011 cohort.

#### Fall 2012 Cohort

## Retention Rates

Report for the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2017 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, or service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

**B22.** For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as freshmen in Fall 2017 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in fall 2018? 88%

## C. First-time, First-year (freshman) Admission: Common Data Set 2018-19

### Applications

#### C1. First-time, first-year (freshman) students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in fall 2018. Include early decision, early action, and students who began studies during summer in this cohort. Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). Admitted applicants should include wait-listed students who were subsequently offered admission.

	First-time, first-year (freshman) applicants	First-time, first-year admitted applicants	Percent admitted	Total first-time, first-year enrolled applicants	Total first-time, first-year enrolled Full-time	Total first-time, first-year enrolled Part-time
Men	18,663	14,903	80%	3,547	3,484	63
Women	17,941	14,945	83%	3,153	3,117	36
Total	36,604	29,848	82%	6,700	6,601	99

#### First-time, first-year (freshman) students by residency. (Information not requested by CDS)

	First-time, first-year (freshman) applicants	First-time, first-year admitted applicants	Percent admitted	Total first-time, first-year enrolled applicants	Total first-time, first-year enrolled Full-time	Total first-time, first-year enrolled Part-time	Freshman Yield
In-state Colorado	9,118	8,133	89%	3,404	3,362	42	42%
Out of state	27,469	21,701	79%	3,296	3,239	57	15%
Total	36,587*	29,834*	82%	6,700	6,601	99	

\*Because residency status is unknown for 17 applicants and 14 admits, numbers of in-state plus out-of-state students are lower than totals.

#### C2. Freshman wait-listed students (students who met admission requirements but whose final admission was contingent on space availability)

Do you have a policy of placing students on a waiting list? ☒ Yes ☐ No

If yes, please answer the questions below for Fall 2018 admissions:

Number of qualified applicants placed on waiting list: **2,222**

Is your waiting list ranked? ☐ Yes ☒ No

If yes, do you release that information to students? ☐ Yes ☐ No

Do you release that information to school counselors? ☐ Yes ☐ No

## G. Annual Expenses: Common Data Set 2018-19

G0. Please provide the URL of your institution's net price calculator:

<http://ofa.colorado.edu/netpricecalculator/>

Provide 2018-2019 academic year costs for the following categories that are applicable to your institution.

**NOTE: Expenses shown are for the 2018-19 academic year.**

☒ Check here if your institution's 2019-2020 academic year costs are not available at this time and provide an approximate date (i.e., month/day) when your institution's final 2019-2020 academic year costs will be available: **June 2019**

### G1. Undergraduate full-time tuition, required fees, room and board

List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2018-2019 academic year (30 semester hours or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. **Required fees** include only charges that all full-time students must pay that are **not** included in tuition (e.g., registration, health, or activity fees.) Do **not** include optional fees (e.g., parking, laboratory use).

	First-year	Undergraduates
Private Institution:		
Public Institution In-district:	N/A	N/A
In-state (out-of-district) Tuition:	\$10,728	\$10,248*
Out-of-state Tuition:	\$35,482	\$34,382*
Nonresident Aliens:	\$37,220	\$36,066*
Required Fees:	\$1,804	\$1,838**
Room and Board: (on-campus)	\$14,418	\$14,418
Room Only: (on-campus)		
Board Only: (on-campus meal plan)		

\*CU Boulder has a four-year tuition guarantee program for resident and non-resident undergraduates. With this guarantee, rates are held constant through the fourth summer from entry for all students enrolled as degree-seeking undergraduates. For details, see <https://www.colorado.edu/bursar/costs/cu-boulder-tuition-guarantee>. The amount listed is for undergraduates entering in fall 2017.

\*\*CU Boulder has a four-year guarantee of mandatory fee costs for resident undergraduates. With this guarantee, rates are held constant through the fourth summer from entry for all Colorado residents enrolled as degree-seeking undergraduates. For details, see <https://www.colorado.edu/bursar/costs/cu-boulder-tuition-guarantee>. The amount listed is for resident undergraduates entering in fall 2017. Fall 2018 first-year non-resident students are charged \$1,804 in mandatory fees.

Comprehensive tuition and room and board fee (if your college cannot provide separate tuition and room and board/fees): **N/A**

Other: **N/A**

### G2. Number of credits per term a student can take for the stated full-time tuition:

For in-state residents	Minimum = 12	Maximum = 18
For out of state	Minimum = 1	Maximum = n/a

**G3. Do tuition and fees vary by year of study (e.g., sophomore, junior, senior)?**

☐ Yes ☒ No

**G4. Do tuition and fees vary by undergraduate instructional program?**

☒ Yes ☐ No

**If yes, what percentage of full-time undergraduates pay more than the tuition and fees reported in G1?**

38.3%

**G5. Provide the estimated expenses for a typical full-time undergraduate student:**

	Residents	Commuters (living at home)	Commuters (not living at home)
<b>Books and supplies:</b>	\$1,800	\$1,800	\$1,800
<b>Room only:</b>			
<b>Board only:</b>			
Room and board total (if your college cannot provide separate room and board figures for commuters not living at home):	\$14,418	\$4,490	\$12,622
<b>Transportation:</b>	\$936	\$936	\$936
<b>Other expenses: (medical + personal)*</b>	\$1,358	\$1,206	\$1,358

\*The Office of Financial Aid took a closer look at all the components this year to make sure they were reflective of a realistic cost at CU Boulder. They found that the previous off-campus housing rate for undergraduate students was lower than what many of our students are experiencing. They also found the medical component to be higher than our undergraduate students are paying. A small population of undergraduates enroll in the campus health insurance, which is what this component was there to cover. In addition, changes to medical coverage nationwide (such as students being able to remain on their parents' health insurance for a longer period of time) have had an impact. Consequently they removed this expense to reflect a more accurate budget for most CU Boulder students.

**G6. Undergraduate per-credit-hour charges:**

**Undergraduate Cost of Attendance (Information not requested by CDS)**

Cost of attendance (COA) is an estimate of the amount it will cost a student to attend CU Boulder for one academic year. COA includes: (1) direct education expenses (tuition, fees, books, and supplies) and (2) indirect education expenses (room, board, personal, and transportation). COA is used in determining the amount of financial aid for which a student is eligible. Eligibility is a direct function of financial need, calculated as the difference between total COA and the expected family contribution.

**COA for first-year students living on campus:**

For in-state residents	\$31,044
For out of state	\$56,460

#### Colorado resident undergraduates

In April 2016 the University of Colorado Board of Regents approved a four-year guarantee of tuition and mandatory fee costs for undergraduate resident students. The purpose of this guarantee is to provide financial predictability for students and families. The [Guarantee program](#) places each student within a cohort that is defined by the date of entry to the university. Each entering freshman class will see a one-time increase in tuition and mandatory fees with a lock on that tuition and fees for the next four years. The inaugural cohort comprises all resident undergraduate students – **freshmen and transfers** – who enrolled in Fall 2016.

The CU Boulder [Esteemed Scholars Program](#) scholarship program recognizes top Colorado resident students for their outstanding academic achievements. These scholarships were first awarded in fall 2013. Students applying as freshmen for the fall semester are automatically considered for the program upon submission of an admissions application to CU Boulder. Named for CU Boulder's first presidents, the scholarships include the President Joseph A. Sewall Award (\$20,000, paid over 4 years; \$5,000 per year), the President Horace M. Hale Award (\$14,000, paid over 4 years; \$3,500 per year), and the President James H. Baker Award (\$10,000, paid over 4 years; \$2,500 per year). The program is merit based; scholarships will be awarded to a select group of entering Colorado resident freshman students based on a combination of grade point average and ACT or SAT test scores.

To maintain accessibility, CU Boulder has several financial aid programs for resident undergraduates. These programs are for Boulder campus degree-seeking and teacher licensure students. They are based on credits taken on the main campus only; continuing education hours are not included.

#### Out-of-state undergraduates

Tuition rates for undergraduates not classified as Colorado residents for tuition purposes have been covered by the non-resident undergraduate tuition guarantee program since 2005-06. [Click here](#) for details of the non-resident undergraduate tuition guarantee.

The [Chancellor's Achievement Scholarship](#) (introduced in 2005-06) offers \$25,000 over four years to the top 25% of out-of-state admitted new freshmen.

[Presidential Scholars](#) are a select group drawn from Chancellor's Achievement Scholars. The Presidential Scholarship is awarded to out-of-state students who are in the top 1-3% of the admitted nonresident class at CU Boulder. Presidential Scholars receive \$55,000 over four years. These

select students are awarded \$15,000 per year during their freshman and sophomore years and \$12,500 per year during their junior and senior years. The Presidential Scholars program began in 2006-07.

### **Transfer Students**

Beginning in fall 2017, the CU Boulder Transfer Excellence Scholarship is awarded to undergraduate resident and out-of-state students transferring to CU Boulder with a cumulative college GPA of 3.75 or better and who have completed a minimum of 12 credit hours of college course work after high school graduation (or equivalent). Amount of the award is \$6,000 per year for out-of-state students and \$3,000 per year for in-state students.

### **Entering Students**

The Arts & Humanities (A&H) Merit Scholarship is awarded to incoming resident and out-of-state freshmen who applied and were admitted with a declared A&H major (from the list of eligible majors under qualifications). Awardees receive \$8,000 total (\$2,000 per year).

In response to the White House initiative to expand college opportunities for American students, the CU Boulder campus has committed to expanding the CU Promise program to include all Pell eligible students beginning in the fall of 2014. Eligible CU Boulder students who enter as a new **freshman or transfer** student are awarded grants plus a work-study award to cover the cost of tuition, required fees, and estimated books. We anticipate 550 to 600 new students in this program.

## I. Instructional Faculty and Class Size: Common Data Set 2018-19

**11. Please report the number of instructional faculty members in each category for Fall 2018. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.**

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part-time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

**Full-time instructional faculty:** faculty employed on a full-time basis for instruction (including those with released time for research).

**Part-time instructional faculty:** Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

**Minority faculty:** includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

**Doctorate:** includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

**Terminal master's degree:** a master's degree that is considered the highest degree in a field: e.g., M. Arch (architecture) and MFA (master of fine arts in art or theatre).

FALL 2018	Full time	% Full time	Part time	% Part time	Total	% of Total Faculty
a) Total number of instructional faculty	1,611	70%	692	30%	2,303	100%

h) Total number whose highest degree is a bachelor's	23	20%	92	80%	115	%
i) Total number whose highest degree is unknown or other (Note: Items f, g, h, and i must sum up to item a.)	23	7%	303	93%	326	%
j) Total number in stand-alone graduate/professional programs in which faculty teach virtually only graduate-level students	45	47%	50	53%	95	%
Total number whose highest degree is a Doctorate	1,373	89%	166	11%	1,539	%

## Faculty -- Highest Degree

Nearly all tenured and tenure-track faculty (98%) have a doctorate or other terminal degree. The percentage of full-time instructional faculty whose highest degree is a doctorate or other terminal degree is 88%.

## Student to Faculty Ratio

12. Report the Fall 2018 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

**Fall 2018 Student to Faculty ratio: 17.7 to 1** (based on 32,108 student FTE and 1,814 faculty FTE [from 36,696 undergraduate and graduate students excluding law and telecommunications and 2,350 instructional faculty excluding law and telecommunications]).

## Undergraduate Class Size

13. In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2018 term.

**Class Sections:** A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

**Class Subsections:** A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of **class sections** and **class subsections** offered in Fall 2018. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

### Number of Class Sections with Undergraduates Enrolled

#### Fall 2018 Undergraduate Class Size

	2-9	10-19	20-29	30-39	40-49	50-99	100+	Total

Cumulative %	8%	40%	86%	96%	99%	100%	100%	

**NOT CDS, but asked on several college guide surveys, including US News:**

- Of the 3,650 undergraduate class **sections** shown above, **425** officially list a graduate teaching assistant as the primary instructor.
- Of the 1,754 undergraduate class **subsections** shown above, **531** officially list a graduate teaching assistant as the primary instructor.

## J. Disciplinary areas of Degrees Conferred: Common Data Set 2018-19

### Degrees conferred between July 1, 2017 and June 30, 2018

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use major, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
